DRAVERY DON BOARD.

Men of Kearsarge Were Heroes.

Not a Sound Heard by Officers When Smoke and Flame Burst Out.

Court-martial at Caimanera Brings Out New Facts About Disaster.

Due to Short-Circuiting of Electric Switch, Not to an Explosion.

(BY DIRECT WIRE TO THE TIMES.)
[Exclusive Dispatch.] A court of inquiry, composed of Rear-Admiral Willard H. Brownson, Capt. Roy L. Ingersoll and Lieut.-Commander William K. Harrison as judge advocate, is sitting in the Kearsarge case. Every officer and man on the Kearsarge, it develops, behaved in the coolest and bravest manner after the accident. There is a long list of men and officers whose bravery was conspicuous.

Instead of there having been an explosion, as reported, it is now stated that the injured men were burned.

THE DISASTER.

When the Kearsarge had finished two very successful runs, firing at targets, Friday afternoon last, using all four guns of her forward turret, she turned off the range. One gun, the left 13-inch piece, was loaded when the firing ceased. Lieut. Hudgins, the turret officer, and Lieut. Graeme, the umpire, remained in the turret, discussing some firing rules. The turret crew, about ten minutes after firing ceased, began to unload the gun.

Three sections of the gun had been withdrawn by meal hooks and placed on the turret floor, when the man handling the hooks accidentally short-circuited the switch to the electric ammunition hoist behind him, causing an arc which fused the metal of the switch, and the molten particles dropped into the hole in the floor.

THE SUFFRERS.

Seeing the danger, this man jumped headlong down through the turret, and was slightly injured.

Lieutenants Hudgins and Graeme and eleven seamen were seriously burned. No explosion took place, and no sound was heard by the officers on the bridge, but smoke and flame burst from the turret.

Fire quarters were sounded, and hose laid to the fire with great promptness. It was put out without difficulty, and further damage prevented.

THE INJURED MEN.

The burned men were removed at once. Six of the enlisted men were dead. Lieut. Hudgins died at 3:45 o'clock the next morning, and Lieut. Graeme, who was removed at once to his own ship, died at 6 o'clock. The condition of the injured men is favorable.

BRITISH SEAMEN KILLED.

EXPLOSION OFF MALTA.

(BY DIRECT WIRE TO THE TIMES.)
VALETTA (Malta) April 17.—[Exclusive Dispatch.] A terrible accident occurred today on board the British battleship Prince of Wales. The cylinder of the port engine burst, killing two of the crew and wounding five other men of the crew. The ship is expected here tonight to land the bodies of the men who were killed.

The Prince of Wales was undergoing her speed trials when the connecting-rod bolts on the high-pressure engine and the top cylinder cover were fractured. The Prince of Wales belongs to the formidable class.

ELLIS ISLAND SWAMPED.

Rush of Immigrants Such That Sixteen Thousand Sleep on Board.

(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, April 17.—Sixteen thousand immigrants, most of whom will be subjected to restraint on board the vessels on which they came to this country, went to sleep tonight in the steerage of trans-Atlantic liners. This was because a record-breaking rush of immigration has swamped the bureau on Ellis Island, which has facilities for examining only 5000 newcomers a day.

N. N. Stranahan, Collector of the Port, today received a complaint signed by more than 100 steerage passengers on one of the incoming steamers. They said there were not sufficient berths and that men and women were in the same compartments, that there was a general lack of discipline and that the behavior of many passengers was offensive and that the food was insufficient and of poorer quality. Inspectors under the direction of Mr. Stranahan are making an investigation.

RUSSIANS.
Great Chinese honor to Mr. Sun Yat-sen in South China. He and Yuan are planning to go to Gold.

MISS SPRECKELS'S WEDDING.

Father of Bride and Parents of the Groom With Other Relatives Sail for Europe.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, April 17.—[Exclusive Dispatch.] To attend the wedding of Spencer F. Eddy, secretary of the United States embassy in St. Petersburg, and Miss Lurline Spreckels, a large party today sailed on the Kaiser Wilhelm der Grosser. It included Mr. and Mrs. Augustus N. Eddy, parents of the bridegroom, and Miss Eddy, his sister; Mrs. Marshall Field, his aunt; Mrs. Marshall Field, Jr.; Marshall Field, third, and Henry and Gwendolyn Field and C. A. Spreckels, the father of the bride. The ceremony will take place in Paris the last week in April.

SPARING NAME OF M'VICKER.

ESTATE IS SETTLED ON PERSONAL GROUNDS.

Honore Not to Be Charged With Illegitimacy, Says Lawyer Condee. Mrs. Eddy Gets a Share of the Property for Which She Contended. Dr. Zeigler's Claim Reduced.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 17.—[Exclusive Dispatch.] A settlement was made in Judge McEwen's court, today, in the litigation by which Mrs. Minnie H. Eddy sought to have set aside the will left by Mrs. Harriet G. McVicker, who died nearly two years ago at Pasadena. Mrs. Eddy, who is a niece, gets \$17,500 of the \$270,000 estate.

Attorney L. D. Condee explained to the court that in the event of a trial, the name of McVicker might suffer.

"It is possible charges would be made to the effect that Horace McVicker was an illegitimate son of Mrs. Harriet G. McVicker, whereas he is her stepson," said the lawyer.

Attorney Condee explained to the court that Horace McVicker is the son of James H. McVicker and Anna Levering McVicker, the divorced wife of the builder of McVicker's Theater.

Dr. L. C. H. Zeigler, who attended Mrs. McVicker in California for more than two years before her death, presented a claim in the Probate Court against the estate for \$100,000. This was later reduced by Judge Cutting to \$10,000.

GORKY BITTER AT AMERICA.

COMPLAINS THAT PERSONAL LIBERTY IS HAMPERED.

Realizes That Contemplated Lecture Tour Is Ruined and Is Glad of It, As He Wants to Get Out of "Wretched Country"—Friendship for Andrieva Mainly Intellectual.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, April 17.—[Exclusive Dispatch.] Maxim Gorky has sent a telegram to the director of a French publication for which he is writing his impressions of the United States. The director suppresses Gorky's bitterest comments, but leaves enough to show that the Russian has formed a bad impression of America and Americans.

Gorky says Americans are the same spitting, vulgar people that Charles Dickens found them and that personal liberty is as much hampered in America as it is in Russia.

Gorky realizes that his contemplated lecture tour is ruined, but says he is rather glad than otherwise that it is, for the sooner he gets out of the "wretched country" the better he will be pleased.

SUPPORTS HIS CHILDREN.

(BY DIRECT WIRE TO THE TIMES.)
ST. PETERSBURG, April 17.—[Exclusive Dispatch.] Maxim Gorky's experiences in New York have created a stir in Russian society. The author's editor and closest friends said today: "Our society, indistinctive of creed or politics, upholds M. Gorky."

"Mrs. Gorky is living in the Crimea. She is on the best of terms with her husband and corresponds with him. He supports her children. She lately came to St. Petersburg to bid Gorky and Andrieva good by."

"Andrieva is Russia's foremost actress and is famous as an idealist, revolutionist and writer. She was a revolutionist long before Gorky, who became an adherent of the party through her influence."

"Their friendship is mainly intellectual, and Gorky's latest play, 'Barabara,' treats of this subject."

VON HOLSTEIN RETIRES.

More Than Any Other, He Has Been Responsible for German Foreign Affairs Since Bismarck.

(BY DIRECT WIRE TO THE TIMES.)
BERLIN, April 17.—By direction of Emperor William, Foreign Secretary Tschirsky today accepted the resignation of Baron Von Holstein, chief of the department of higher politics in the Foreign Office.

This action retires from public life a personage who more than any other has been responsible for German foreign affairs since Prince Bismarck's time. For sixteen years, Baron Von Holstein has thought out the policy and drawn up the instructions to ambassadors, and he has been recognized by the diplomats of Europe as the man whose counsel was in the ascendant at the Foreign Office under all of Prince Bismarck's successors.

The cause of his retirement is that he found himself unable to work in harmony with Foreign Secretary Tschirsky.

BRILLIANT BASSEMBLY

"Poor Richard's" Birthday Party.

Reception of Delegates From Societies in All Parts of the World.

Carnegie Confers Degree on Franklin's Great Great Grandchild.

King Edward in Greece But Still in Mind—Features of First Day.

(BY THE ASSOCIATED PRESS—P.M.)
PHILADELPHIA, April 17.—In the presence of a brilliant gathering of persons distinguished in the arts, sciences, literature, and in many branches of education, the four days' celebration in this city of the birth of Benjamin Franklin was formally opened in Witherspoon Hall tonight, by the reception of delegates from societies and institutions of learning in all parts of the world.

Many of the delegates are men who have received high honors in their chosen calling, and as they filed into the hall, wearing their decorations or their academic robes, and took their seats, they presented a brilliant scene.

ADDRESSES AND AWARDS.

Besides the reception of delegates and invited guests, formal addresses of felicitation from societies and educational institutions in Europe and America were read.

Andrew Carnegie, Lord Rector of the University of St. Andrews, conferred the degree of doctor of laws upon Miss Agnes Irwin, dean of Radcliffe College, who is a great great granddaughter of Benjamin Franklin.

A reception was extended to Sir George Howard Darwin of the University of Cambridge.

ONE FOR KING EDWARD.

King Edward of England received the degree of doctor of laws from the University of Pennsylvania.

THE KING IN ATHENS.

(BY THE ASSOCIATED PRESS—P.M.)
ATHENS, April 17.—King Edward, Queen Alexandra and the Prince and Princess of Wales arrived here today.

COLONIAL DAMES IN OLD HALLS.

OCTAGON HOUSE BRIGHT WITH A FASHIONABLE CROWD.

Interesting Loan Exhibit in Progress in Washington—Trinkets of Dolly Madison, Waistcoat of Monroe Mrs. Andrew Jackson's Lace Veil and Other Treasures on View.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 17.—[Exclusive Dispatch.] Octagon House, the historic mansion on the corner of New York avenue and Eighteenth street, is now the rendezvous of the fashionable world every day, and will be for a week, and it adds interest to it to say, as do many of the neighbors, that when the gay, laughing, pleasure-loving women have strutted out the daytime in their silken gowns, at night the ghosts of their ancestors sit up and down the winding stairway and along the halls, the swish of their faded silks falling on the hushed air of night.

Colonial Dames have shooed away the ghosts of the daytime, at any rate, and one of the most interesting loan exhibits is now in progress. Old lace, antique silver swords, and diamond

POLITICAL FEATURE OF COAL PROSECUTION.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 17.—[Exclusive Dispatch.] The selection of Charles E. Hughes by Attorney-General Moody to institute proceedings against the corporations engaged in transportation and sale of coal, is regarded as indicating that the administration intends to appropriate for the Republican party whatever political credit may come from the prosecution of the coal roads. Heretofore, the department's practice has been to employ Democratic lawyers in the work.

Hughes has made a record as an investigator which is world-wide. He is a Republican, and there is a strong belief here that the party will be forced to nominate him for Governor of New York, next fall, in which case William R. Hearst, who is spoken of as a candidate, would not stand "a ghost of a show."

IMPORTANT MISSOURI DECISION.

(BY THE ASSOCIATED PRESS—A.M.)
KANSAS CITY (Mo.) April 17.—In the rebate cases in the United States District Court here, today, the plea of immunity, filed by the railway companies on the basis of the decision by Judge Humphrey at Chicago, in the beef-trust cases, was denied.

The decision rendered today, which was by Judge Smith McPherson of Iowa, sustains the demand of the government to the immunity plea filed by the Chicago and Alton, and John N. Faithorn, former vice-president, and F. W. Winn, former assistant traffic manager of that road.

The railway and these two officials, with other railroads, five local packing-houses and several officials, were indicted here last December by the grand jury, charged with giving rebates on packing-house and other products in violation of the Elkins law.

PERKINS ON WRONG SIDE.

Banker Reprimanded By New York Judge For Not Knowing the Rules of the Road.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, April 17.—[Exclusive Dispatch.] George W. Perkins, a member of the firm of J. P. Morgan & Co., was a prisoner in the West Side court, this morning. He was charged with violating the rules of the road in driving on the wrong side of Broadway. After hearing the case and securing a promise from Perkins that he would not again repeat the violation, Magistrate Barlow discharged the banker from custody.

Perkins was shown no especial courtesy in court, and had to wait until a long line of persons had their cases disposed of before his case was called, although he appealed to Roundman McNulty of the court squad to "hurry" his case along.

CHINA CABLE NOW COMPLETE.

UNCLE SAM HAS A TOW LINE ON HOARY ASIA.

Great Work of an American Company, Touching Only American Soil en Route, Finished Successfully and the President and Chinese Rulers Exchange Messages.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 17.—[Exclusive Dispatch.] Messages of congratulation were exchanged yesterday and today between the President and the Emperor and Dowager Empress of China to commemorate the completion of the last link of the Postal Telegraph and Cable Company's cable between San Francisco and China. In substance the telegrams expressed the belief that the prosperity of both countries would be increased by the cable, and the two peoples brought closer together.

THE GREAT WORK.

The laying of this cable finishes the work commenced by the laying of the commercial Pacific cable from San Francisco to Honolulu, and continued by the laying of cables between Manila and Honolulu by way of Guam and Midway. Nearly ten thousand miles of submarine cable have been made and laid in an average depth of 2640 fathoms. The greatest depth found on the line of that cable was 3490 fathoms, approximately four miles.

The laying of the cable to China was delayed by the political upheaval in China, and later by the war between Japan and Russia. After the treaty of Portsmouth, the work was taken up again, and the United States is now in communication with its Pacific Ocean possessions and with China by means of the cables of an American company, operated by American operators and touching only American soil, as desired by the government at Washington.

BLOODSHED AT TIFLIS.

Grievances of Soldiers Lead to Fighting Among Different Companies of Regiment There.

(BY THE ASSOCIATED PRESS—P.M.)
ST. PETERSBURG, April 17.—The story published in the United States today that a part of the garrison at Tiflis had mutined and that in a fight between the mutineers and loyal troops, 311 soldiers had been killed and 855 wounded, probably originated with a report published in the Russian Slovo April 16, of a meeting of soldiers at Tiflis to present certain grievances of which they complained.

This company barricaded itself in its barracks and fired a volley at the mutineers, killing seven of them. After other troops had been summoned the mutineers submitted to the officers.

HE KNOWS THEIR BEAUX.

Cheerful Intelligence Imparted to Depauw Co-Eds By An Affable Burglar.

(BY DIRECT WIRE TO THE TIMES.)
GREENCASTLE (Ind.) April 17.—[Exclusive Dispatch.] "Now, ladies, I want your money; I've got the other stuff," said a burglar who, early this morning, entered Kappa Sorority House, home of the "co-eds" at Depauw University, to the startled girls who were awakened by a dark lantern flashing light in their faces.

"If you make any sound, I'll kill you," added the burglar, as he displayed their watches, pins, rings and other jewelry, collected before awakening them to discover where their money was hidden.

After the frightened girls had surrendered their purses, the burglar chatted affably with them, telling them he knew most of their beaux. His venture netted him about \$200 in money and jewelry.

NOT REVOLUTIONARY.

NEW YORKERS' OPINION.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, April 17.—[Exclusive Dispatch.] Throughout the legal profession in this city, the unanimous opinion seems to be that the decision of the Supreme Court of the United States in the case of Haddock vs. Haddock does not enunciate a doctrine novel or revolutionary, so far as it affects residents of New York.

The dictum that a divorce granted by a State which has jurisdiction over only one party to the suit, as a resident of that State, is not a valid divorce is held by eminent New York lawyers to be in accord with the well-established rule here, and not in conflict with prior rulings of the highest courts in the land.

NOTABLES INTERESTED.

Following are a few of the many well-known New York women, the la-

PERILS OF DIVORCE.

Supreme Court Has Aroused Nation.

Need of Uniform Law Is Apparent from Agitation in Several States.

Lawyers of Various Sections of the Country Disagree About the Dictum.

South Dakota's Mill Shaken. Much Alarm in Illinois. New York Serene.

(BY DIRECT WIRE TO THE TIMES.)
LOUIS CITY (Iowa) April 17.—[Exclusive Dispatch.] The United States Supreme Court's decision has created a panic in the Sioux Falls divorce colony, and lawyers say it will undoubtedly end the famous South Dakota divorce mill. A dispatch from Sioux Falls, S. D., however, says that attorneys interested in divorce cases and who, when the decision of the Supreme Court in the Haddock case was first announced, declined to express opinions upon it, now declare the decision will have little if any effect on the "divorce industry" of South Dakota. It is generally believed there will have no influence on the present members of the divorce colony, and none will abandon the intention to secure a decree.

Judge K. A. Jones of the State Circuit Court at Sioux Falls, S. D., evidently does not take so hopeful a view of the decision as the local attorneys, but declined to express an opinion on what effect the decision was likely to have on South Dakota divorces.

ALARM IN ILLINOIS.

LAWYERS TALK OMINOUSLY.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 17.—[Exclusive Dispatch.] An army of illegitimate children has been created in Illinois; families have been ruined and estates tangled, and innocent people will become the prey of blackmailers because of the decision holding divorces obtained by publication are invalid, say leading lawyers of Chicago.

Besides, they declare that the decision will destroy the comity existing between States, as they have heretofore recognized it, while at the same time promoting the agitation for a national divorce law. This national divorce law, they contend, can be the only good that can come out of the decision. Further, they say, that is just what the whole people of the country have been crying aloud for, as a cure for morals.

Nearly 3000 Chicago divorces of the last two years may be invalid. Three hundred divorce complaints in the Circuit and Superior Courts may see their cases evaporate at once, without hearings and without relief. Hundreds of marriages made after decrees have been entered were today brought into question, and the parties to them put under a cloud.

JUDGES CONFUSED.

Judges of the Circuit and Superior Courts who have been grinding out divorce decrees at the rate of 3500 a year, ever since Chicago passed the million mark in population, are in confusion. They do not know where they stand in the present condition or what are their powers to separate couples in divorce suits. A partial suspension of the business of the divorce mills is impending, until the jurists secure light. There may come a meeting of the judges to discuss the situation, as soon as copies of the Supreme Court's discussion are obtainable.

AN AFFECTING CASE.

While few Chicago society women are involved in the decision, one affecting case is that of Mrs. Sue Grinnell-Henderson, prominent in North Side circles. By the court's rule, Mrs. Henderson is still Mrs. Grinnell, having no legal right to her present husband's name.

NOT REVOLUTIONARY.

NEW YORKERS' OPINION.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, April 17.—[Exclusive Dispatch.] Throughout the legal profession in this city, the unanimous opinion seems to be that the decision of the Supreme Court of the United States in the case of Haddock vs. Haddock does not enunciate a doctrine novel or revolutionary, so far as it affects residents of New York.

The dictum that a divorce granted by a State which has jurisdiction over only one party to the suit, as a resident of that State, is not a valid divorce is held by eminent New York lawyers to be in accord with the well-established rule here, and not in conflict with prior rulings of the highest courts in the land.

NOTABLES INTERESTED.

Following are a few of the many well-known New York women, the la-

gality of whose marriages may be brought into question by the decision of the Supreme Court in the Haddock case:

Mrs. Lloel Gueat, formerly Mrs. Charles Dodge; Countess Bela Cichy, formerly Mrs. Fernanda Yanaga; Mrs. Hollis Hummer, formerly Mrs. Arthur T. Kemp; Mrs. O. H. P. Belmont, formerly Mrs. W. K. Vanderbilt; Mrs. W. K. Armit; Mrs. Woodbury Kane, formerly Mrs. Duncan Elliott; Mrs. Herbert W. Bowen, No. 1, formerly Miss Augusta Floyd Vintur; Mrs. W. H. Hume.

BAYONETS RETAIN ORDER.

Undercurrent of Feeling at Windsor That There Will Be Another Outbreak Today.

[BY THE ASSOCIATED PRESS-P.M.] JOHNSTOWN, Pa., April 17.—Windsor's streets tonight are bristling with bayonets of the State constabulary, retaining order that was brought out of the riotous and chaotic conditions that prevailed for several hours last night. There is still an undercurrent of feeling that there will be another outbreak tomorrow, when the funerals of the mob victims will be held. It needs but a petty quarrel between the strikers and non-striker men to set the town again in lawlessness.

The prisoners arrested last night and charged today with rioting were transferred from the Windsor lock-up to the county jail at Somerset by Sheriff Begley, with a corps of deputies, without incident.

The entire town tonight, as well as the Herwin-White Coal Company's mines, are closely guarded and all who go in or out of the town must pass the scrutiny of the State constabulary.

All saloons are closed and will remain closed until all danger of further outbreaks is passed.

WOMEN STONE CAVALRY.

Strikers' Wives at Lens Attack Spouse of Miner Who Persisted in Working—Church Dynamited.

[BY THE ASSOCIATED PRESS-P.M.] LENS (France), April 17.—There was a renewal today of the disturbances consequent on the strike of the miners in the Pas de Calais district.

The wife of a miner who had refused to strike was attacked in her home by 150 women, the wives of strikers, her clothing torn off and her furniture wrecked. Gardemes who interfered to stop the riot were stoned by the women and cavalry ordered to assist the gardemes were similarly resisted.

A cavalry officer and two soldiers were severely injured and fifteen others received minor wounds. Several women were arrested, but they subsequently were released. The general prefect was received with shouts of "Long live the revolution!" Rioting was resumed tonight. The local authorities are calling urgently for reinforcements.

Endeavors were made here this morning to prevent non-striker men from descending the shafts and at Antimony an attempt was made to blow up a church with dynamite. Serious damage was done and a number of arrests were made.

NEGRO SLAYER GOES FREE.

Missouri Jury Acquits Youth Who Defended His Own Life and Sweetheart's Honor.

[BY THE ASSOCIATED PRESS-P.M.] SPRINGFIELD, Mo., April 17.—The situation here remains practically unchanged. There have been no disturbances during the day and the crowds that gathered on the streets today to discuss the situation have diminished in size and numbers.

Leslie Peters, the 16-year-old boy who last night shot and killed Ralph Gurns, a negro, in defense of his own life and of his sweetheart's honor, was acquitted by a coroner's jury today. The acquittal met with unanimous approval. Many of the negroes here say they are glad that Gurns was killed. He was regarded by the colored men as a bad man and was accordingly feared by many of his own race.

HEINZE'S RELATIVE CLEARED.

NEW YORK, April 17.—[Exclusive Dispatch.] Five years of fighting in the criminal courts was ended today, when Recorder Gott dismissed the indictments for perjury against Robert L. Martin and Harry Volchusen, who were officials of the Delaware Surety Company. The indictments grew out of the Helms Amalgamated Copper litigation, Martin being a brother-in-law of Augustus Helms.

REMEMBERS OLD FRIENDS.

NEW YORK, April 17.—[Exclusive Dispatch.] L. K. G. Smith, formerly of Portland, Or., by his will filed today, makes as the beneficiaries of his fortune the widow and children of Dr. M. E. Goldsmith who befriended him when he was in need.

SENATORS PASS BARNES.

WASHINGTON, April 17.—[Exclusive Dispatch.] The Senate Postoffice Committee today decided that no investigation of the Morris affair need be made. Mr. Barnes will be white-washed.

Your Druggist Will Tell You.

That Murtin Eye Remedy Cures Eyes. Makes Eye Bright, Vision Sharp, Soothes Itchy Pains, and Relieves All Eye Troubles.

MARCH LIKE JEHOSEPHAT.

Dowieites to Try Music's Charms Upon Zion.

Voliva Prepares to Arrest 'Life Upon Arrival.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, April 17.—[Exclusive Dispatch.] Life gladiators awaiting the signal to strike. Dowie and Voliva today stood with uplifted weapons, ready to send them at the word smashing down upon each other.

Dowie prepared to advance upon Zion City. Voliva prepared to arrest the "First Apostle" the moment he put foot inside the city gate.

Developments crowded fast during the day. Dowie is going to Zion City this week. His attorney, Emil C. Weiten, says he will enter an ordinary citizen; Deacon H. Burnett says the "Apostle" will adopt Jehosaphat's plan of campaign, as explained in the twentieth chapter of Second Chronicles.

Jehosaphat, to be exact, was a choir of singers, with harps and lyres, and approach the enemy, singing and playing. He did so, to the great discomfiture of the enemies of the children of Israel.

"MARCHING TO ZION."

Dowie today paid his score at Auditorium Annex, his bill amounting to \$108. The Zion bugler gave the reveille in the hotel corridor at 6 o'clock, followed by Dowieites singing the battle hymn, "We're Marching to Zion."

Dowie threatens the arrest of Voliva's chief lieutenants for perjury. Sworn statements placing the value of Zion at \$2,000,000 are on record in Lake County Court. The same men now claim \$4,000,000 is a big price for everything.

VOLIVA DRAWS THE LINES.

Voliva is drawing the lines tighter. He has excommunicated Deacons John A. Lewis, James F. Peters and Fielding H. Whitte, Dowie's principal supporters.

It is announced that unless the receipt of tithes increases, Zion's schools and industries will close within ten days. Voliva is still unable to negotiate a million-dollar mortgage.

WARRANTS FOR DOWIE.

It is reported the warrants already have been drawn for Dowie's arrest on 112 charges of obtaining money under false pretenses. Supporting this action, a further charge of betrayal is to be preferred, in which will figure a woman not named in a lunatic asylum; also involving a young girl who arrived from Australia, some years ago, and claimed close relationship to the founder of Zion City.

DOWIE REJECTS ULTIMATUM.

[BY THE ASSOCIATED PRESS-P.M.] CHICAGO, April 17.—Dowie, through his attorneys, has rejected the proposition advanced by Voliva, yesterday, to the effect that the \$2,000,000 estate be turned over to a board of control, to consist of nine members, four of whom would be selected by Dowie and five by Voliva. Dowie rejected the proposal on the ground that not only would Voliva acquire in the appointment of Voliva on the board, but that he no longer recognized the new leader as a member of the church.

BILL IN CHANCERY.

In speaking of the ultimatum, Atty. P. C. Haley, representing Dowie said: "As soon as we can obtain the necessary information, we will file a bill in chancery in the Circuit Court of Lake County, to the effect that the \$2,000,000 estate will be a petition that the transfer of the property of Zion City executed by General Overseer Voliva, giving to Deacon Alexander Graner full title thereof, be declared void. We are handicapped to the extent that Voliva and his forces have in their possession all of the books and papers concerning Zion City and its property. It may be necessary for us to go into court to get possession of them. As soon as we obtain the desired information, the bill will be filed."

Dowie, it is said, will go to Zion City some time this week. It is declared by the Dowieites that when the "First Apostle" enters the city which he founded, he will do so to the honor of the church, Voliva, they say, will be excommunicated.

PUBLICITY BILL PASSED.

ALBANY (N. Y.), April 17.—The Assembly today passed the bill requiring publicity of campaign contributions and expenditures.

FRENCH TESTIMONIAL TO THE PRESIDENT.

[BY THE ASSOCIATED PRESS-A.M.]

PARIS, April 17.—Baron D'Estournelles de Constant will forward to Washington within the next few days a unique testimonial to President Roosevelt, hearing the autographs and signatures of nearly all the great names of France.

Some months ago, the arbitration of the French Parliament, of which Baron D'Estournelles is president, sent to President Roosevelt a rare volume of the Memoirs of Sully, the Minister of Henry IV., which urged a pacific union of the great nations, and the American President was greatly pleased with the gift and expressed the wish that he had the names of those uniting in the gift, to be inscribed in the volume.

REMARKABLE LIST.

The President's wish for the names has now been gratified, and the list which is about to go forward is as remarkable and unique as the original volume of Sully's Memoirs. It embraces four large pages of parchment, opening with a highly ornate text in blue and gold, followed with the signatures of the foremost men in public affairs, literature, art and science, all of whom are connected directly or indirectly with the movement for international conciliation which Baron D'Estournelles directs in Parliament.

The inscription is as follows: "To Mr. Theodore Roosevelt, President of the Republic of the United States, from the undersigned members of the French Parliamentary group of arbitration and of international conciliation, who have deposited a testimonial of their high esteem and their grateful sympathy for the persistent and decisive initiative he has taken for substituting progressively the friendly and

ZULU CHIEFS DISLOYAL.

Expedition Sent by Natal Government to Run Down Blacka Has Serious Job on Hand.

[BY THE ASSOCIATED PRESS-P.M.] DURBAN (Natal), April 17.—The expedition which was sent in pursuit of Bambata, the Zulu chief, who is in rebellion against the Natal government, is proving to be a more serious undertaking than was at first anticipated.

The natural difficulties of the country make the pursuit very difficult and in official quarters anxiety is caused by the fact that chiefs who were supposed to be loyal have not responded satisfactorily to the demand of the colonial authorities.

It was officially announced today that two Zulu chiefs, Sigamandi and Ndubi, had refused to cooperate in the pursuit of Bambata and it is reported at Esbhowe, a town in Zululand, that the whole tribe of Sigamandi has joined Bambata.

The military authorities at Esbhowe have requested the colonial government to dispatch to Zululand and large picked force will be sent there.

DENIED CHRIST'S VIRGIN BIRTH.

Charge Against Dr. Crapsey, Placed on Trial.

First Case of Kind in Years in Episcopal Church.

Ecclesiastical Court Convened to Hear Testimony.

[BY THE ASSOCIATED PRESS-A.M.]

BATAVIA (N. Y.), April 17.—The first trial for many years in the Protestant Episcopal Church was begun here today, when the Rev. Algernon Sydney Crapsey, D.D., for twenty-five years rector of St. Andrew's Church, at Rochester, was placed on trial before an ecclesiastical court, charged with utterances from the pulpit of that church and in print which are alleged to be in violation of the tenets of the Protestant Episcopal faith.

In 1904 and 1905, Dr. Crapsey delivered a series of sermons. These were afterward published, under his authority, under the title "Religion and Politics." The presentment against him contains fifteen extracts from this book. The charges are: "Religion and Politics," the bodily resurrection and the trinity. The divinity of Christ, the conception of the Holy Ghost, the virgin birth, etc.

The second and last charge in the presentment is that Dr. Crapsey violated his ordination vows by failing to conform to the doctrines, disciplines and worship of the Protestant Episcopal church.

Under the second specification of the first charge, the utterances attributed to him in his December sermon are: "First—Jesus was born of parents belonging to the middle class."

Second—He was born of a simple father and mother. Third—He was the son of a carpenter.

Dr. Crapsey's answer was made by Mr. Perkins as soon as the proceedings were under way. Dr. Crapsey admitted that he preached the sermons contained in his book entitled "Religion and Politics," the bodily resurrection and the trinity. In a sermon he expressed his disbelief in the virgin birth of Christ, etc.

He taught or declared no statements except which were contained in holy scripture and what may be considered as true. He denied the right of the diocese of Western New York to consider his case.

Mr. Perkins then moved an adjournment until noon, giving several reasons therefor. After further discussion, however, the case went over to April 25.

BOAZ KILLS HIMSELF. EL PASO (Tex.), April 17.—[Exclusive Dispatch.] Papers received by the police, today, request the arrest of E. Boaz, wanted at San Diego for embezzlement. Boaz killed himself two days ago. The remains were buried at Fort Worth.

AT THE NATIONAL CAPITAL.

MESSAGE ON INSURANCE.

President Urges Congress to Prompt Legislation.

Forward Report of the Chicago Convention.

Senate and House Proceedings—Tillman and Banks.

(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, April 17.—The President today transmitted to Congress the following message relating to insurance legislation:
"To the Senate and House of Representatives: I herewith transmit the report and recommendations of the accompanying committee of the insurance convention which met in February last in Chicago. The convention was called because of the extraordinary disclosures of wrongful insurance methods recently made by the Armstrong Legislative Committee of the State of New York, the suggestion that it should be called coming to me originally from Gov. John A. Johnson of Minnesota, through Commissioner of Insurance Thomas D. O'Brien of that State."

"The convention consisted of about 100 governors, attorneys-general, commissioners of insurance of the States and Territories, and as a first step toward this purpose decided to endeavor to secure the enactment by Congress of a proper insurance code for the District of Columbia, which might serve as a model for the several States."

"Before adjourning, the convention appointed a committee of three attorneys-general and twelve commissioners of insurance of the various States to prepare and present to Congress a bill which should embody the features suggested by the convention. The committee recently met in Chicago, and in thorough and painstaking fashion, sought to prepare a bill which should be at once protective of policy holders and fair and just to insurance companies, and which should prevent the graver evils and abuses of the business, and at the same time forestall any wild or drastic legislation which would be more harmful than beneficial."

"The proposed bill is discussed at length in the accompanying letter by Superintendent Thomas E. Drake of the Department of Insurance in the District of Columbia, in which he expresses his hope that Congress, at the earliest opportunity, will enact this bill into law with such changes as its wisdom may dictate. I have no expert familiarity with the business, but I have entire faith in the right judgment and single-minded purpose of the insurance convention which met at Chicago, and of the committee of that convention, which formulated the measure herein advocated."

"We are not to be pardoned if we fail to take every step in our power to prevent the possibility of such scandals as those that have occurred in connection with the insurance business as disclosed by the Armstrong Commission."

(Signed)
THEODORE ROOSEVELT.

THE BILL'S FEATURES.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 17.—The bill recommended was drafted by amending the measure introduced in Congress by Representative Butler Ames of Massachusetts. It provides for the establishment of an insurance bureau in the Department of Commerce and Labor, and for the appointment of a commissioner, who shall have no official connection with any insurance company, who shall not be interested in the business of any company except as a policy holder. The commissioner is required to meet once in three years to examine all companies doing business in the District of Columbia.

Forms are prescribed for the issuance of annual statements, and the commissioner is authorized to demand other information from the companies, if he believes it necessary. If, on the examination, the commissioner is of the opinion that any domestic insurance company is insolvent, or that it is exceeding its powers, or is in any manner transacting business contrary to the provisions of this act, the bill provides that the commissioner shall lay the facts before the Attorney-General, who may apply to the Supreme Court of the District of Columbia for an injunction restraining its further business.

MINIMUM CAPITAL STOCK.
A minimum capital stock of \$50,000 is proposed for accident insurance, \$100,000 for plate glass and elevator insurance, and \$200,000 for all other companies. The bill limits the investment of capital stock of companies also may be organized on a preliminary stock plan.

Directors are made liable for any illegal investments, and companies are not permitted to do both a participating and non-participating business. Under the requirements for organization of insurance corporations, the capital stock shall be paid in within twelve months after the date of organization, no policies shall be issued until the capital stock has been paid in. The bill provides that the investment of capital of domestic companies, practically as is provided by the Ames bill.

POLICY HOLDERS' PART.
The bill contains a plan whereby all policy holders shall be enabled to participate through proxies in the election of directors at the annual meeting. The salaries of all officers and agents over \$500 a year must be authorized by a vote of the board of directors of the insurance corporation. Penalties cannot be voted to a member of the family of an officer after his death, and disbursements of over \$100 require properly itemized vouchers.

The bill prohibits the payment of premiums and discrimination between classes of insured. Standard forms of policies are prescribed. A policy cannot be forfeited after the payment of two full annual premiums. No insurance company which issued a contract, the performance of which is contingent upon the payment and assessment upon survivors, shall do business within the district.

PROVISION FOR COMPANIES.
Provision is also made for the safety, casualty, fire, fidelity and surety insurance companies by the bill, all

insurance companies, their officers or agents are prohibited from making political contributions.
In a letter commenting on the bill, Thomas E. Drake, superintendent of the Department of the District of Columbia, says that it makes very few changes from the general and ordinary provisions of law in force in the various States.

FIFTY-NINTH CONGRESS.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 17.—The Senate, preceding the taking up of the Railroad Rate Bill in the Senate today, Mr. Tillman called up his resolution directing the Senate Committee on Finance to enter upon an investigation of the question of campaign contributions by national banks, and the resolution was referred to the Finance Committee. Mr. Tillman said that he would not confine the inquiry to the Republican committee, but would extend it to the Democratic committee.

INCREASED MINOR COINAGE.
When the Senate met, the House bill providing for the coinage of minor coins was taken up and passed. The bill increased to \$200,000 the appropriation for the purchase of metal for this coinage, and authorized coinage at San Francisco, Denver and Philadelphia mints, in addition to the Philadelphia mint.

TILLMAN'S RESOLUTION.
Mr. Tillman then called up his resolution directing the Committee on Finance to make inquiry concerning political contributions by national banks. He said that he had been told that the total contributions to the Republican fund in 1904 had been \$3,500,000; in 1906, \$2,500,000; in 1908, \$1,500,000. Mr. Tillman read a letter in which the suggestion was made that this was considered desirable to get at the details concerning the Republican campaign contributions, and that the committee should examine Auditor Anthony of the Republican National Committee, who, he said, could give a complete list of all the contributors and of those who did not contribute were made public, and that the President knew who they were.

The same letter writer also volunteered the information that the Republican fund in 1904 had been \$3,500,000; in 1906, \$2,500,000; in 1908, \$1,500,000.

Mr. Tillman read a letter in which the suggestion was made that this was considered desirable to get at the details concerning the Republican campaign contributions, and that the committee should examine Auditor Anthony of the Republican National Committee, who, he said, could give a complete list of all the contributors and of those who did not contribute were made public, and that the President knew who they were.

Mr. Foster in speaking on the Railroad Rate Bill, said that unless the provisions of the rate-making section are amended, such failure on the part of Congress will give impetus to government ownership. Mr. Foster said that in the legislation enacted, there was so much because of excessive rates, and because of the utter helplessness of the shipper in the face of the combination of the railroads. He described the situation of this combination as a hotbed of monopoly, and announced his support of Mr. Bailey's non-suspension amendment.

The Senate went into executive session, adjourning at 5 o'clock p.m.

HOUSE PROCEEDINGS.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 17.—HOUSE.—To clear the legislative decks for pending money bills for the supply of the government, the House today worked uninterruptedly from 11:30 to 5 o'clock. In that time eleven general bills were passed under suspension of the rules, all sections of the country being interested in the legislation enacted. The National Quarantine Bill, which was opposed by a number of southern Democrats on account of the fear that the police powers of the State were invaded, the bill to regulate appeals in criminal cases was probably the largest interest, the Attorney-General deeming the legislation of vital importance on account of the decision in the "best trust" case of the present term, permitting the government, when a demurrer to an indictment is sustained, to move for a new indictment. The bill was passed by a vote of 215 to 155.

PRIVATE PENSION BILLS.
In addition to the bill referred to, the House, in seventy-five minutes, passed 572 private pensions.

BUREAU OF RECLAMATION.
The House passed a bill creating a Bureau of Reclamation Service in the Interior Department, to be headed by a director, with a salary of \$8000 a year.

FOREST RESERVE LANDS.
The House also passed a bill providing for the entry of agricultural lands within the forest reservations, with an amendment giving the Secretary of Agriculture the right to set aside such forest reserve lands as were not occupied by a bona fide settler January 1, 1918.

By a vote of 172 to 27, the House National Maritime Bill was substituted for the Senate bill. The bill will now go to conference.

ELECTRIC POWER PLANTS.
The House bill granting to the Edison Electric Company certain land for electric power plants in the San Bernardino, Sierra Madre and San Gabriel forest reserves, California, was passed by a vote of 125 to 28.

Other bills passed were: To regulate appeals in criminal prosecutions; to authorize the assignment of coal-land locations to make entry under the coal-land laws applicable to Alaska; prohibiting alienation of land in Alaska; to prevent copying, selling or disposing of any rolls of citizenship of the United States; to provide for the disposal of surplus lands, and providing punishment therefor.

As unfinished business, the bill to extend the provisions of the National Irrigation act to the State of Texas was taken up. Decided opposition appearing, the bill was laid aside until tomorrow.

EDISON COMPANY REQUEST.

ATTACKED BY McNARY.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 17.—[Exclusive Dispatch.] Representative Smith's bill giving the Edison Electric Company rights of way and water power and privilege in San Bernardino and other forest reservations in California passed the House under suspension of the rules, today, by a vote of 125 to 28. There was a warm fight over the measure. Representative McNary, of Massachusetts declared it an "awful steal." Mr. Smith replied in the defense of the bill. "It is the only case where a right of way has been given by Congress," he said, "where provision is made for annual compensation to the government for the privileges conferred on the Edison Company."

NO BOYCOTT FOR CHINESE.

Their Merchants Too Fond of Making Money.

Charles Denby Testifies in Senate Committee.

Mongol Pride Needs Soothing—Coolies No Account.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 17.—The Senate Committee on Immigration listened to Charles Denby on the Chinese boycott of American goods today. Mr. Denby, who was in China for twenty years, attached to the American legation or holding office under the Chinese government, said the movement became apparent in 1904, and that it had been organized by some intelligent Chinese who had visited America. He had no direct information implicating former Minister Wu. While the boycott is a civil, apparently dead, it might easily be stirred to life and fury, he said.

The English and German commercial institutions at first were inclined to resist the movement against American goods, said Mr. Denby, but when they saw the movement spreading to an anti-foreign boycott, they changed their tone.

CHINKS ABSORB MONEY.
"What were the reasons for the early demise of the movement?" asked Senator Lattimer.

"Movements of this character are difficult to sustain," said Mr. Denby. "The boxer movement died after a few months, and the reason for the ineffectiveness of such movements is that the Chinese cannot be prevented from attempting to make money."

AMERICAN TRADE IMPROVES.
In spite of the effectiveness of the boycott, American trade, according to Mr. Denby, had improved. The greatest falling-off in exports was shown in the flour trade, which goes to Hongkong, English trade territory. Mr. Denby did not hold the view that English influence had anything to do with the situation.

PACIFIC COAST AFFECTED.
Senator Heyburn showed that in hitting the flour industry, the blow had been struck at the section of the country—the Pacific Coast—most interested in excluding Chinese.

MUST TOUCH THEIR PRIDE.
Asked concerning modifications in the exclusion laws which would be likely to allay the anti-American feeling, Mr. Denby said that the Chinese government takes little interest in its coile claim, and the concessions must be to the privileged class. A modification of the laws excluding laborers, said Mr. Denby, would not appeal to the Chinese national pride, which is a Chinese characteristic.

"Well, it has grown so strong that it induced American financiers to part with the Chinese concession in China," replied Mr. Denby.

PRIVILEGED CLASSES.

Continuing, he said that the admission of the Chinese laborers would do little good, and would be too dear a price to pay for any increase in trade that might come to the United States. The American laborer cannot compete with the Chinese laborer. Freedom in the admission of the Chinese student and merchant classes would have a more salutary effect than anything this government could do, said Mr. Denby.

The hearing was adjourned without date. In a statement, tonight, in explanation of his remarks about the report coming from China of the boycott, Mr. Denby said: "I expressly said to the committee that I had no personal knowledge of any such action; that I was not in China when the boycott broke out. I further expressly said that the only definite knowledge I had of any favoring of a boycott by any Chinese of the official class was from an article in the North American Review of April 1904, by Wang Kai Kai, in which he warned American manufacturers of the danger to which the American policy exposed them from the ability of the Chinese in boycotting."

ARMY APPROPRIATION BILL.

CIVIL WAR RETIREMENTS.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 17.—In the Army Appropriation Bill, the principal items of increase include the following: Washington-Alaska military post, \$175,000; barracks and quarters, Philippine Islands, \$100,000; roads in Alaska \$150,000; Benicia arsenal, California, \$50,000.

The Senate committee adopted a provision that officers who served creditably during the Civil War and now hold the rank of brigadier-general on the active list shall, when retired, have the rank and retired pay of major-general.

Encouragement to enlisted men to graduate from the Army Medical School is given by an appropriation to supply prizes for use in the schools.

WASHINGTON BRIEFS.

China and Uncle Sam Glad.

WASHINGTON, April 17.—Messages of congratulation were exchanged yesterday and today between the President and the Emperor and Dowager Empress of China, to commemorate the completion of the last link of the Postal Telegraph and Cable Company's cable between San Francisco and Hongkong. The news, the telegrams expressed the belief that the prosperity of both countries would be increased by the cable and the two peoples brought closer together.

"Leaves of Healing."

WASHINGTON, April 17.—The Post-office Department today received the complaint of John Alexander Dowie's attorneys against the Zion City publication known as "Leaves of Healing," and the matter is under consideration by the Postmaster-General. Persons in the department assert that there is nothing in the postal laws and regulations which would justify the denial of the second-class or other mail privileges to a publication simply because it contained libelous matters. The matter complained of must be obscene or scurrilous.

Army Appropriation Bill.

WASHINGTON, April 17.—The Army Appropriation Bill was taken up in the Senate today. It carries \$71,223,144, the Senate having added \$2,611,144 and eliminated \$7500 from the bill as it passed the House.

ORDER RESTORED.

Three Lives Lost and Dozen Men Seriously Injured in Riot at Windber, Pa.

(BY THE ASSOCIATED PRESS.—A.M.)
JOHNSTOWN (Pa.) April 17.—Order again reigns at Windber after a night of riot and bloodshed, in which three lives were lost and a dozen men were seriously injured.

With daylight, arrived the State constabulary ordered to Windber by Gov. Pennypacker, and the town is now practically under martial law. To avoid the possibility of a conflict of authority, the State police were sworn in as deputy sheriffs.

The miners did not return to work in great numbers this morning, although four mines of the company are in operation with limited forces.

A short while after 6 o'clock this morning, Sheriff Hieley and a force of deputies escorted the eleven men arrested last night to the street car way, and started them on their way to the jail at Somerset. The officers were all armed with rifles and formed a cordon around the prisoners, who were handcuffed together.

Curtis Keeter, the boy who was shot through the bowels, was erroneously reported dead during the night, but the physicians believe he has a fighting chance for recovery. The others wounded are doing well.

Mining Engineer Delaney, who was hurt by a brick thrown while the rioters were storming the jail, and was taken to the hospital, was reported this morning in a serious condition. The dead are principally foreigners and were miners who were out on strike. They are:

PIETRO MARTINI
ANTONIO MAZUCA
PAUL ZILLIS, who was the leader of the mob.

This morning Deputy McMullin made charges of rioting against eight men before a local justice. All of them are foreigners.

FREEZE-OUT IS ALLEGED.

Stock Manipulation Charged in Merger of St. Louis Electric and Power Companies.

(BY THE ASSOCIATED PRESS.—A.M.)
ST. PAUL, April 17.—Judge Sanborn, in the Court of Appeals, today handed down an opinion in the case of Morgan Jones & Co. v. the St. Louis Edison Electric Company et al. The case involved the merger of all the electrical and power companies of St. Louis and the statements of the plaintiff are true, involves an attempt to freeze out by means of alleged stock manipulation some of the minority stockholders from the merger.

The Circuit Court below sustained the demurrer and the decision of Judge Sanborn today reversed that decision. The demurrer held that the petition did not state sufficient facts to constitute a cause of action. Judge Sanborn practically holds that there is basis for action; while the issue was not exactly the legality of the corporation, the form of that merger was legal under the Missouri laws.

VISCOUNT AKOI ARRIVES.

First Japanese Ambassador to United States Reaches Vancouver and Starts for Washington.

(BY THE ASSOCIATED PRESS.—P.M.)
VANCOUVER (B. C.) April 17.—Viscount Akoi, the first Japanese Ambassador to the United States, arrived here this evening on the Empress of China. He will leave for Washington in a private car tomorrow, traveling over the Canadian Pacific and Canadian National lines. He is accompanied by his wife, Admiral Sir Gerard Noel, the retiring commander-in-chief of the British-China squadron, was also a passenger.

The Empress of China was held in quarantine at Williamshead station a short time on account of a case of smallpox being landed at Nagasaki.

LIFE INSURANCE MEN FAIL.

NEW YORK, April 17.—A petition in voluntary bankruptcy was filed in the United States Court yesterday by Julius Bohm and Joseph Bohm, life insurance agents, with offices at No. 12 Park Row, who place their liabilities at \$37,128, with the Equitable Life Assurance Society as the principal creditor, in the amount of \$32,570. The firm declares its assets worth \$27,128. The Equitable Life is secured by the assignment of renewal premiums on policies written by the Bohms, the assignment to run nineteen years. The assets consist principally of commission due from life insurance agents, protected, the petition states, by renewals worth \$309,559.

PLAN MEMORIAL TO BOOTH.

NEW YORK, April 17.—A movement was begun yesterday by the Players' Club to erect a monumental memorial to Edwin Booth. It was unanimously voted that a committee of 100 be appointed to raise the money for the monument and carry it to a conclusion. This committee will soon be organized and an executive committee will be named to manage the details.

Though no special efforts had been made before yesterday's meeting, nearly \$6000 has already been subscribed toward the memorial. The form which the memorial shall take has not been determined.

Announcement Extraordinary

FREE---\$1000 Worth of ORIENTAL RUGS Given to the Public Who Attend Our

Auction...

Beginning today at 11:00 a.m. and 2:30 p.m. for a few days This may sound incredible but is strictly the fact, others spend thousands in daily papers, we are going to spend our advertising appropriation with the public. Los Angeles has been victimized for years by itinerant will-o-the-wisp Oriental rug auctions. We are permanently established dealers; every rug we sell is fully guaranteed; we want Oriental rugs and El Shah-Sarai, 314 S. Broadway to be synonymous. Our ambition is to be the largest Oriental rug dealers in the West. We carry nothing but high class selected goods. The present situation is unique combined with the necessity to raise money we want to attract every Oriental rug lover to our store.

LABOR

ARBITRATION ONLY ISSUE.

Operators Refuse to 'Allow Other Questions.

Tell Mitchell the Differences Are All Decided.

Resumption of Work at the Washeries Begun.

THE ASSOCIATED PRESS—P.M.]

NEW YORK, April 17.—A subcommittee of operators of the anthracite coal-carrying railroads and mine operators have met in a letter to President Mitchell of the United Mine Workers of America in which the operators again declare that there is nothing to arbitrate except the question of whether there shall be any arbitration.

The reply is made in response to Mitchell's recent amended demand for arbitration. The operators do not, however, refuse to accept Mitchell's latest plan.

They say that all the differences between the miners and their employers have been decided by the strike commission and that there is no reason for another attempt should be made to arbitrate them.

The announcement is made on behalf of the anthracite coal-carrying railroads and mine operators, who are now in operation and have resumed work.

Some of the operators are now in operation and have resumed work.

OBITUARY.

CLAYTON McMichael. April 17.—Former Postmaster Clayton McMichael died suddenly, today, at his home in this city, aged 42 years. He formerly owned the Philadelphia North American.

JAMES MILLINGTON. April 16.—James Millington, a pioneer of the State and for many years identified with the government of this city and county, is dead. He was a native of New York, 81 years of age.

Mrs. Lucy B. Shirley. SAN JOSE, April 17.—Mrs. Lucy B. Shirley, a native of Rockford, Ill., died this morning at her home in this city, aged 83 years. She leaves her husband, Silas Shirley, several married children and many grandchildren and great-grandchildren. She was a prominent member of the Ladies of the Grand Army of the Republic.

THOUGHT SHE WAS HIS WIFE.

PRETTY NELLIE WEISS VICTIM OF MARRIAGE.

But Now the Law Has Taken a Hand in the Punishment of Her Betrayer and He is in Jail. Told His Victim He Already Had Wife in Arizona.

A chapter in the life story of Nellie Weiss, an attractive young lady living at present in Los Angeles, reads like the familiar plot of the popular drama. The story came to light yesterday through the arrest of J. H. King by the local authorities, the man whom Nellie Weiss believed implicitly was her husband, but who wrecked her life by a mock ceremony in a town in Arizona.

Nellie Weiss was pretty and popular when King came to Los Angeles and made her acquaintance. She found the companionship of King congenial, and it was not long before they were engaged. King planned for a marriage ceremony in this city, and the happy girl made every preparation for the event. Then King said he must leave in Arizona, as his business called him there, and prevailing upon his sweetheart to accompany him they went to Kingman, where on their arrival a marriage ceremony in all solemnity was performed. Trusting him implicitly, the girl did not ask to see the certificate, which King did not possess, nor did she inquire into the fact that a license had not been issued.

Three months they lived together as husband and wife, and then King told his wife that they would move to Los Angeles shortly, and he made arrangements for sending the girl on ahead. He bought her a ticket and gave her \$10, saying he would forward more money in a short time. Instead of receiving a remittance from King, the wronged girl read these words from a brief and coldly cruel letter:

"You had better look around and find some other man to do. We can never live together again. I have a wife and three children in Arizona."

In this manner was Nellie Weiss informed of the fact that she was not a wife. For a time she was so grieved that she thought of action against the man who had deceived her. She then went to work in a laundry. Out in Arizona the man King considered the incident closed. But after awhile word was received in some manner by King that the young girl he had so grossly wronged

BULLETS KILL AND WOUND.

Faro Amato Slain In Cold Blood on Street.

Mystery of Night Shooting Baffles Police.

Italians Believed Attacked By Negro Trio.

As a result of accurate shooting by three negroes late last night on Enterprise street, one man was fatally and another seriously wounded. The men who did the shooting remain at large, with a mystery surrounding their identity. The victims are Luck Sabella and Faro Amato, Italians. Amato was struck in the breast just beneath the right collarbone by one bullet, and the course of the missile was downward into the back. Another struck him near the left navel and left the body near the spinal column at the back. When Amato was taken to the Receiving Hospital with Sabella, he was conscious and gave his name, but he soon lapsed into a comatose condition and died.

The story of the shooting as told by Sabella through an interpreter, Tony Greva, leaves the affair in mystery. The two men had just left the home of Tony Greva, No. 181 Sacramento street, where they had been quietly spending the evening. As they neared the corner of Enterprise and Wilson streets, Sabella says a man suddenly stepped out of the shadows about thirty feet away and opened fire with a revolver. Six shots were fired, two taking effect in Amato, and one in Sabella. Sabella was shot in the right arm near the elbow. Amato fell with a moan, while his companion shouted lustily for aid. The neighbors, already aroused by the shots, rushed to the scene. No trace of the assailants could be found.

"I have no enemies here that I know," was the substance of one sentence Amato uttered in the hospital. Soon afterward he became unconscious. Sabella said that he and Amato were laborers together in a lumber yard. He had been in the city but a month, having come from Morgan City, La., where he had been engaged in the same work. Neither of the men had been long from Italy. Sabella said he is single, 34 years old. He does not know of anyone who would have reason for attempting his life. Greva is his cousin.

Asked whether he had incurred the animosity of any person prior to leaving Italy, Sabella's answers were vague and unsatisfactory, leaving the impression that something was withheld. That some motive lay behind the deed is certain. Sabella had but \$5 on his person, while his companion carried less. Amato, the murdered man, lived at No. 2336 La Grande street, and had a wife and two children.

The revolver, which was extracted from the wounds are 41-caliber. Late last night Detective H. C. McKenna reported that he had discovered a man and his wife who possessed a distinct clue to the criminals. These two people told the detective that the shooting was done by one of a gang of three negroes, and that these negroes were running away immediately afterward. The description given is that two of the men wore dark clothes, and the third was dressed in light clothing.

The district is about evenly divided as an Italian and negro colony, and has been notorious in the past for all kinds of bloodshed and crime. Sabella claims he does not belong to any secret societies, either in this country or Italy, and that if his companion, Amato, was a member of any he had never mentioned the fact to him.

BABY STOLEN BY A WOMAN?

MRS. SMITH'S SON BELIEVED KIDNAPED FOR BEGGING.

Lizzie McGuire Charged With Having Made Away With Child, and Effort Being Made to Find Her and a Male Companion—Every Train Being Watched.

Little "Toto," the two-year-old son of Mrs. Mary Smith, was kidnapped yesterday shortly after noon by a woman known as Lizzie McGuire, according to reports made to the police by William Harver, from whose home the child was taken.

Mrs. Smith and the Harvers are neighbors and live near the County Hospital. The mother of the child is a member of the Fidelis Society, and when attending rehearsals of that singing organization she has been in the habit of leaving "Toto" with the Harvers.

The McGuire woman was discovered wandering around in a pitiable condition Saturday afternoon by the Harvers, and they took her in and gave her lodging and food. She told them she was out of work and the landlady of the house in which she had been living had driven her out and kept all the clothes she had except those on her back.

She was ragged and her shoes were worn to shreds. The Harvers took pity on her and gave her a chance to wash, and Harver arranged to take the landlady who was supposed to have driven her out and to pay what she owed so Mrs. McGuire could get her clothes and secure work.

Yesterday afternoon Mrs. Smith left the baby boy at the Harver home, as a member of the Fidelis Society, and when attending rehearsals of that singing organization she has been in the habit of leaving "Toto" with the Harvers.

She told them she was out of work and the landlady of the house in which she had been living had driven her out and kept all the clothes she had except those on her back.

She was ragged and her shoes were worn to shreds. The Harvers took pity on her and gave her a chance to wash, and Harver arranged to take the landlady who was supposed to have driven her out and to pay what she owed so Mrs. McGuire could get her clothes and secure work.

Chino Ranch

More Praise for Chino

H. C. Laage, Los Angeles—"Chino Ranch is bound to be a magnificent country. Chino MUST grow rapidly. I can see that it has a fine business future."

W. R. Thomas, Los Angeles—"Very fine valley; very fine; no more productive or better watered land in the State."

S. Chapin, Los Angeles—"The best ranch that I have seen in California and I have been all through the State."

Chino is 90 minutes from Los Angeles on three railroads. Fortunes are being acquired in Chino fruits, walnuts, sugar beets and alfalfa.

Highly productive land at \$75 to \$200 per acre—easy terms.

Call or write for literature that gives complete details about prosperous Chino.

DARING DIAMOND ROBBERY.

SAN FRANCISCO, April 17.—A daring diamond robbery was committed this afternoon in the Chronicle Building.

Two thieves entered the store of J. Q. Hatch, room 4, on the second floor of the building, and engaged the attention of Thomas H. Lord, the clerk who was alone in the place. One of them asked him to change a \$10 gold piece and as Lord turned and opened the safe he was struck a telling blow over the head with the butt of a revolver and rendered unconscious. Immediately after knocking down Lord, the two men dragged him into a corner and left him there. The robbery was committed at 1 o'clock this afternoon, and it was nearly 3 o'clock before Lord regained his senses.

ACCUSES A SPECIALIST.

DENVER (Colo.) April 17.—[Exclusive Dispatch.] The post tonight contains half a column about Marian G. Devlin of Los Angeles being victimized by Dr. Dor Vincent, a specialist, who attended her while she suffered nervous trouble in Los Angeles, later persuading her to sell her home and give him money to invest.

She has judgment against him here for \$7000. She separated from her husband in Los Angeles three years ago. [A Mrs. Marian G. Devlin formerly resided at No. 702 Merchant street, this city. It is stated. Little is known of her except that she was a widow.]

GOOD FOOD IS THE SECRET OF HEALTH

In a Kernel of Wheat Nature Provides Every Necessary Food Element.

The human body constantly consumes the vital elements of which it is composed, just as fire consumes fuel. And, just as fire dies without fuel, so does the body die unless replenished with its elements.

There are fourteen of these essential elements, and as each is consumed the body must be replenished. Life and strength are to be sustained. This is the secret of health.

The air supplies the oxygen which the body needs, but all the other elements must be derived from our food. These are just as important as oxygen, and we cannot exaggerate the importance of selecting food which provides all the nutrition so necessary to life and health.

Some foods contain nitrogen. These are those building foods. Some foods contain carbon and hydrogen. These are force and heat-making foods. Some foods contain phosphorus, potassium or others of the vital elements.

Nature has given us one food that contains all these elements of life. This is wheat, and when it is prepared as Malta-Vita there is no other food so rich in all the nourishment needed by the body; no other so easily digested.

Malta-Vita is the whole of the best white wheat, thoroughly cooked and steamed, freely mixed with pure barley malt extract, then rolled into little water flakes and baked crisp and brown. The malt extract converts the starch of the cooked wheat into maltose, or malt sugar. Physicians recommend maltose, and Malta-Vita is rich in it.

Malta-Vita is always absolutely clean food, and just as delicious as healthful. Try some today with milk, cream or fruit. You never tasted anything quite so good. Ready to eat. All grocers.

Our Bargains Have Electrified the Southland

\$3.00 carpet sweeper; heavy brush; good hardwood casing; well finished; is positively best offering on the market in this line. \$2.25

\$5.00 sanitary mattress; filled with best Florida palm leaf fiber; thoroughly dried and cleansed; perfectly germ proof and odorless; biggest value ever offered in mattresses \$4.00

LAST OFFER OF STOCK OF THE TEMPERED DUCTILE METALS CO. AT 50c A SHARE

This company is exploiting the "Vaughn-Holley" process of tempering copper, gold and silver. Unless you call, wire or mail your order before 6 p. m. Wednesday evening, April 18th, you cannot secure stock at above price. Should you be unable to call before that time you may notify us over the telephone that you will be at our office before 10 p. m., Wednesday, April 18th.

This is the Most Important Thing To Do

TEMPERED

The General Securities Co., April....., 1908.

Gentlemen:

Please find enclosed.....dollars, \$..... for

which send to my address certificate for.....shares of stock of

the TEMPERED DUCTILE METALS COMPANY, non-assessable and

full profit-sharing.

Name.....

Address.....

GOLD

Fill Out and Mail at Once

Out-of-Town Customers May Wire at Our Expense Followed With Letter of Confirmation.

The surest way to avoid mistakes and delays is to fill out the above order blank and mail Wednesday. If it is inconvenient to remit at time order is filled out, write letter saying when you can do so. All orders must be cash. No time on this stock. After Wednesday the price for the next block of 25,000 shares will be 75 cents. After that nothing less than par, which is \$1.00 per share.

We predict that the stock of THE TEMPERED DUCTILE METALS COMPANY will be worth at least \$10.00 a share in less than two years.

Those wishing to invest in the stock of the company exploiting this wonderful invention must do so now if they want to reap the FULL PROFIT IN INCREASED VALUE of stock and MAXIMUM DIVIDENDS. You may not have another opportunity in a life time to share in the results of an invention of such importance to the entire world. Address all communications to

NOTICE.—The factory of the Tempered Ductile Metals Company will not be open to the public after Wednesday, April 18, except by special written permit from the President or another officer counter-signed by the President. The constant stream of people visiting the factory has interfered with the already delayed orders which have been coming into the factory without solicitation. Any stockholder may secure a card of admission by applying at the President's office, No. 310 Pacific Electric Building.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Board of Public Works condemned the cement curb on Boulder street yesterday and ordered the disbursement of Inspectors Ruggles.

Lembiddle fell down on his charges against the police force yesterday; he admitted that he had never before seen the officer named in his complaint.

Horace B. Ferris was given a margin of 1 per cent. in the civil-service examination for secretary of the Board of Public Works.

How and Ikeda, Japanese, are before Judge Gibbs trying to untangle the snarl of the business that has bound them since tempting their fortunes at the Portland Fair.

W. I. Melton, a schoolmaster of Riverside, broken in health from overwork, was before the lunacy commission for examination and will be given a chance to rest at the County Hospital.

A jury decided yesterday that Mrs. Schader is not entitled to damages for being put off a Los Angeles-Pacific car when she refused to pay fare in excess of what she thought was right.

Old Oliver Twist, City Jail landmark, was ordered out of town yesterday. He has contracted the "dope" and stealing habits.

AT THE CITY HALL.

BOARD REJECTS INFERIOR WORK.

CONDEMNES CEMENT CURB AND FIRES INSPECTOR.

Holders of Contract Try to Throw Blame on Sub-Contractor—'Worst Job I Ever Saw,' Says Chairman Anderson—Sub-grade on Two Other Streets Not Right.

The Board of Public Works has formally opened its campaign against unscrupulous street-grading contractors.

Following an inspection of the cement work on Boulder street, the board directed Contractors McCoy & Thomas yesterday to tear out the cement curb and replace it with the material called for in the specifications.

The board expected to order the immediate dismissal of the inspector who permitted the work to go on without protesting to the City Engineer. But when the members made inquiries at the City Hall they learned that Innes Ruggles, the inspector, had conveniently dropped out of sight.

City Engineer Stafford has been instructed not to give Ruggles any more inspecting.

"The worst piece of work I ever saw," was the verdict of President Anderson. "It is the acceptance of work like that by inspectors that brings the city departments into disrepute. Contractors may as well understand that the board will not tolerate work that is not equal to specifications."

McCoy & Thomas place the blame for the defective work on a cement contractor of the name of Winkley. The contractors allege that they sublet the work to Winkley, and that he is responsible.

If the board accepts this explanation the matter may be allowed to drop; otherwise charges are likely to be preferred, and the Council asked to declare the firm responsible bidders. This declaration would bar them from securing any other city contracts.

On Boulder street the trouble was occasioned by the failure of the cement men to use the proper amount of crushed rock in mixing the concrete. Crushed rock is expensive. The material used in the curbing was a little cement and a great deal of sand.

A hard, smooth surface was put on top to give the work the appearance of real cement curb; but in places the sides dropped away and the curb rattled when struck with a stick, like dried beans in a pod.

The defective work discovered by the board was not all on Boulder street. On two thoroughfares the subgrade was rejected. The board has started a system of personal inspection of street improvements. The members desire to know for themselves what kind of returns the contractors are making for the stiff prices charged.

Desiring to give every one an equal start, the board secured Monday from the Council the reconsideration of the resolution barring Cummings & Drain from municipal contracting, pending the settlement of a controversy over the improvement of a street in the Sixth Ward.

The board holds that, in this instance, the contractors are being retained against their sinning. But the members say they are going to keep a sharp eye on all street contractors in the future.

LEMBIDDLE AGAIN.

POOR OLD DODDERING LEMBIDDLE made an ass himself before the Police Commission yesterday morning when he tried to pick out the officer who Lem charged with saying "damn" to one of the hired thugs of the Typographical Union while the printers' strike—so-called—was on.

Lem preferred charges against J. F. Gadden, whom he designated as special policeman wearing star No. 74. But when Gadden stood up before the Commission and dared Lem to say to his face Lem weakened and said he had made a mistake, that Gadden didn't do it.

The printers' strike is a closed incident. All that remains are a noisome odor, starved, wretched families of the union printers who walked out—and Lembiddle.

"The Commission ought to fine you \$50 for coming up here and taking up its time with such nonsense as this," exclaimed the Mayor in deep disgust when Lem admitted that Gadden had nothing to do with the matter.

"It is all a pretty Times trick," wailed Lem, as some union printers led him away. "The Times did it. It always does things to us and you won't stop it."

Just what The Times had to do with Lem's failure to pick out the man who spanked him, he did not make clear. Here is the charge that the Typographical Union preferred against Gadden:

"That Mr. Gadden is not in the pay of the city but is being paid by the employing printers and that he secured the special commission for the purpose of using the influence of the city to coerce the striking union men in behalf of the employing printers."

But after yesterday morning's fiasco the walking delegates said that it is not Gadden, but regular officer Ingram who used the charge discourteously. They profess to be preparing charges to file against Ingram.

In the complaint against Gadden the thugs say under oath that they were picketing shops from which union printers had walked out, and that they followed employees of these shops about the streets and into stores and tried to get them to walk out too.

It was because the police would not

let them molest the independent workmen that the trumped-up charges were filed. If Ingram is guilty of all that the thugs allege, he deserves a medal for the efficient manner in which he broke up their plots.

The union men mixed in this case are hired thugs brought here to intimidate independent printers during the strike. Some of them were arrested for assaulting independent printers on the streets.

They are the consorts of the criminals and vagabonds who came here every winter to prey on the defenseless, the careless and the credulous. San Quentin does not enjoy a monopoly of this class of vagabonds.

FERRIS WINS.

SECRETARY OF BOARD.
Secretary Horace B. Ferris of the Board of Public Works will soon be secretary de-civil Service as well as de facto.

In the Civil Service examination for the place he led the field by a margin of 4 per cent. Four of the entries were dismissed. Thomas E. Marchison finished with a record of 88 per cent. to his credit. All the others fell below the 75 per cent. line necessary to get a place on the eligible list.

The Civil Service will probably send the names of both Ferris and Marchison to the Board of Public Works, and the board has the privilege to appoint either.

Ferris received the emergency appointment at the time the board was organized; he has proved himself a good secretary and he is very likely to receive the regular appointment.

The board will ask the commission soon to hold examinations for assistant clerk and stenographer. The board held an examination for stenographer several weeks ago; but as it was before the position was created the test will have to be held over again.

AT THE COURTHOUSE.

WHEN JAPPY MET JAP—WOW!

IKEDA'S SHIP OF FORTUNE WAS NOTHING BUT A SCOW.

And Itw's "Dough" Was on the Go—A-sailing Down the Slide, But Now He Seeks to Stop the Leaks By Suing on the Side—Such a Row.

When M. Itow arrived from Japan last year he went straight to the Portland Fair and met his fate. A contractor named Ikeda was making all kinds of money with three concessions. There was a Japanese tea garden, a ball game and an air slide. The air slide brought the public on the run and amid shrieks of delight as they sailed through the air the mob threw their dimes at the concessionaire for a chance to ride.

Itow wouldn't be content until he had taken Ikeda to let him in as a partner, and ever since that time he claims that instead of money coming his way, his good coin has been sliding from him. Now he has brought suit against Ikeda for settlement, and yesterday in Judge Gibbs' court he had a somewhat different story to tell than that contained for by Ikeda.

Both parties lined up in court with their following and several quaint-looking and pretty Japanese girls were among the witnesses. The plaintiff, Itow, claimed that he advanced money on a note for \$2500 to Ikeda, who received back only \$225.97, and for the balance of \$2275.03 he asked judgment. After giving the amount of the note, Itow said that Ikeda had failed to pay him the money and that he had been forced to sue him.

To release the attachment a bond had to be given, and Ikeda induced a contractor named Tomichi to give him a security \$500 in cash and certain goods consigned to him from Japan by a Jap named Tomichi. When the last named arrived from the Orient he looked around and failed to find that his goods were being offered for sale. Ikeda told him they were still in the customhouse, and then he hustled around to Itow and asked him for money to loan him goods to the amount necessary to take the place of those of Tomichi given as security. Itow was dipped by the time money deep and there was nothing for it but to sue the game through, and he did hand over goods to the amount of \$2500.

Shortly after this transaction Ikeda came to Los Angeles, leaving authority with Itow to square up his business affairs and unravel the tangle as he could. It was reasonably certain that there would be a judgment rendered against Ikeda, and so he gave Itow \$100 and told him to close up end with what money he could scratch pay the amount of the claim.

A judgment was rendered for nearly \$1200, and Itow, after selling the concessions and realizing he could not pay outstanding bills, had about \$800 left. He made such settlement as he could and then came to Los Angeles to make an accounting. Itow and Ikeda arrived at an understanding on every point save the indebtedness between themselves. The former demanded the balance on his note and the value of the goods advanced, Ikeda on the other hand wanted his \$100 and on that rock they split.

Both men now in court trying to straighten things out, and as neither one speaks English they are having a nice time of it. Judge Gibbs appears to be enjoying himself.

A judgment was rendered for nearly \$1200, and Itow, after selling the concessions and realizing he could not pay outstanding bills, had about \$800 left. He made such settlement as he could and then came to Los Angeles to make an accounting. Itow and Ikeda arrived at an understanding on every point save the indebtedness between themselves. The former demanded the balance on his note and the value of the goods advanced, Ikeda on the other hand wanted his \$100 and on that rock they split.

Both men now in court trying to straighten things out, and as neither one speaks English they are having a nice time of it. Judge Gibbs appears to be enjoying himself.

LOWE SUIT AGAIN.

MAKING SUPPLIES THE CAUSE.

The Davis & Farnum Manufacturing Company has just begun suit against the Los Angeles Suburban Gas Company and T. R. C. Lowe, to recover on a promissory note.

A note was given on October 1, 1905, to the manufacturing firm by the gas outfit, and was signed by C. B. Taylor, as secretary. It was indorsed by Lowe, and was made payable to the American National Bank in this city six months after date. At maturity, it was presented but not paid, and went to protest on April 2. In suing to recover, the company states that the note was accepted by the firm on the credit of the indorsement.

Davis & Farnum discover that things were not just as they thought they were.

SCHOOL TEACHER COLLAPSES.

W. I. Melton, who has been one of the teachers at the Riverside school, was before the insanity commission yesterday to have his mental condition inquired into.

For some time past, Melton has been having delusions. He thought people were going to burn him up—not metaphorically, but actually, and two weeks ago he broke down completely, and came to the home of his sister, Mrs. Annie Hagan, in this city for rest and

treatment. But he refuses to take the medicine that was prescribed, and as his condition didn't improve, an insanity complaint was sworn out against him.

Both the wife and sister of Mr. Melton testified that the whole secret of the trouble was a woman who was in the school, carried along too continuously. Melton stated that for several years he had had to work at high pressure, for in the Riverside school there are its scholars and three departments. Then in the summer, instead of taking a vacation, he was ordered to continue receiving some kind of an income. When brain fatigue began Melton had recourse to stimulants to keep him going. Nature rebelled and that is all there was to the case.

Judge Gibbs carried the matter over for one week in order to see if Melton improves under care at the County Hospital, where he will have to take the medicines given him.

TOOK THE GOODS.

MRS. GAGE LOST TRINKETS.
Frank Ward appropriated a valise containing an assortment of ladies' apparel and some trinkets on March 14, and yesterday he was in court for it in Judge James' court to a jury.

Mrs. D. A. Gage told just how it was taken. She was moving into the Winston Hotel, No. 1134 East First street, and ordered an expressman to move her baggage over there. Then she went to her parents' home at Long Beach to spend the day. Returning, the landlady in her new home told her that her things had arrived, but upon looking around the valise was missing. Then the hue and cry was raised.

A roomer at the Winston saw a man coming hastily downstairs with a valise that same afternoon, and it was shown that Ward went to Long Beach, Cal., No. 110 Commercial street, who keeps a second-hand store, and asked if he had key that would fit the lock the valise. The valise was opened and Ward offered the contents for sale. He was buying that class of goods, and before Ward could dispose of them elsewhere he was placed under arrest. His defense was that a short man named Winston had given him the valise to sell on commission.

The jury returned a verdict of guilty of burglary in the second degree. Next Monday Ward will be brought into court for sentence.

FOUGHT FOR NONSENSE.

SHE GETS NO SATISFACTION.
Mrs. Nellie Schader has lost her suit against the Los Angeles-Pacific Railway Company to recover \$5000 for being assaulted and thrown off a car, last year he went straight to the Portland Fair and met his fate. A contractor named Ikeda was making all kinds of money with three concessions. There was a Japanese tea garden, a ball game and an air slide. The air slide brought the public on the run and amid shrieks of delight as they sailed through the air the mob threw their dimes at the concessionaire for a chance to ride.

Itow wouldn't be content until he had taken Ikeda to let him in as a partner, and ever since that time he claims that instead of money coming his way, his good coin has been sliding from him. Now he has brought suit against Ikeda for settlement, and yesterday in Judge Gibbs' court he had a somewhat different story to tell than that contained for by Ikeda.

Both parties lined up in court with their following and several quaint-looking and pretty Japanese girls were among the witnesses. The plaintiff, Itow, claimed that he advanced money on a note for \$2500 to Ikeda, who received back only \$225.97, and for the balance of \$2275.03 he asked judgment. After giving the amount of the note, Itow said that Ikeda had failed to pay him the money and that he had been forced to sue him.

To release the attachment a bond had to be given, and Ikeda induced a contractor named Tomichi to give him a security \$500 in cash and certain goods consigned to him from Japan by a Jap named Tomichi. When the last named arrived from the Orient he looked around and failed to find that his goods were being offered for sale. Ikeda told him they were still in the customhouse, and then he hustled around to Itow and asked him for money to loan him goods to the amount necessary to take the place of those of Tomichi given as security. Itow was dipped by the time money deep and there was nothing for it but to sue the game through, and he did hand over goods to the amount of \$2500.

Shortly after this transaction Ikeda came to Los Angeles, leaving authority with Itow to square up his business affairs and unravel the tangle as he could. It was reasonably certain that there would be a judgment rendered against Ikeda, and so he gave Itow \$100 and told him to close up end with what money he could scratch pay the amount of the claim.

A judgment was rendered for nearly \$1200, and Itow, after selling the concessions and realizing he could not pay outstanding bills, had about \$800 left. He made such settlement as he could and then came to Los Angeles to make an accounting. Itow and Ikeda arrived at an understanding on every point save the indebtedness between themselves. The former demanded the balance on his note and the value of the goods advanced, Ikeda on the other hand wanted his \$100 and on that rock they split.

Both men now in court trying to straighten things out, and as neither one speaks English they are having a nice time of it. Judge Gibbs appears to be enjoying himself.

DOUBLE COLLASERS.

FATE DEMANDS DAMAGES.
Faye Harvey, nine years old, her guardian, F. E. Harvey, has begun suit against the Los Angeles Railway Company to recover \$2500 as damages for personal injuries. The girl had just boarded a car standing at Second and Spring streets, on December 24, last year, when a car belonging to the same company came tearing down the hill and bumped into the standing car and wrecked it. The complaint alleges that Faye was thrown to the ground and had her right thigh fractured.

Forthmann & Bergin have sold to W. C. Middlebrook, San Francisco, the property at No. 1213 South Olive street. Lot 16x155 feet to twenty-foot alley, improved with a two-story dwelling. Price paid, \$20,000. Sale made through the agency of John D. Foster & Co.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

HOWARD SENT UP—Harry Howard was sent to Folsom yesterday by Judge Smith for two years. Howard is the boy arrested for stealing a revolver, but he had the audacity to break out from the County Jail through the roof and got as far away from home as Tucson. From there he was brought back, and though only seventeen years old, goes to the State Prison. His companion in breaking jail never has been recaptured.

FATHER HARTNEER'S ESTATE—Mary Hartneer yesterday applied for letters in the estate of the late Rev. Father Hartneer, who died on March 21. The petitioner is the mother of the deceased, and the estate is merely nominal, amounting to only about \$500.

LARGE SANTA MONICA SALE.

Hundred and Fifty Acres for Hundred and Eighty Thousand Dollars. Deals in City Lots.

A large sale of acreage is reported on San Vincente boulevard, adjoining Brentwood Park, the new subdivision lately but on the market by Barlow & Bragdon. This piece of property comprises 150 acres of land almost on a par with Brentwood Park, being on the same mesa land, overlooking the valley and the ocean. This piece was purchased for a subdivision by Tracy C. Drake, a retired capitalist of Chicago, Ill., who expects to build in Los Angeles county and make his home here. With the recent developments and what are contemplated, Mr. Drake could see the value of the acreage, or \$1200 per acre. In selling this property, Barlow & Bragdon acted as agents for the Santa Monica Land and Water Company, owners. Five homes are to be started in Brentwood Park within the next thirty days, none to cost less than \$10,000, from that up to \$20,000. The next electric car scheduled, which goes into effect next Monday, will place Brentwood Park near to Los Angeles.

Stowen & Dolton have sold a lot on West Sixteenth street, near Bonnie Brae, 50x120 feet to an alley, to Charles H. Rohde for \$4200.

An unimproved lot on Sixteenth street, near Wright, 50x140 feet, to

PAGE AFTER JUDGE WHO JAILED HIM.

SHERMAN PAGE, a prominent attorney of this city, is prepared to die in the last ditch if it is necessary to prove that he had the right to talk back to the court.

The court, which was inclined to a different belief, sent him to jail; Attorney Page has now carried the case into the District Court of Appeals, and his fervid and heated appeal was heard yesterday before the court sitting en banc.

He had two other lawyers in addition to his own son to fight for his right to have the last word with a Bakerridge Judge—Judge Mahon.

He introduced a bundle of affidavits a foot high attacking the Judge who jailed him.

This now celebrated incident began in Bakerridge last month, when Mr. Page was engaged in the trial of a big mining suit, that of the Big Three Mining and Milling Company against E. M. Hamilton et al.

Page was one of the most determined characters, did not yield gracefully to the decisions of the court; yesterday he had in mind to show the Judge that his Honor was talking through his hat.

Finally a witness named George Kingston was called to the stand. Page asked him certain questions, and then asked some of them over again.

The opposing attorney, Mr. Irwin, objected and the objection was sustained by the court. The following Mr. Page: Your Honor, the reason I asked that question over again was—

Attorney Irwin (interrupting): I object to counsel making further statements after the court has ruled, I ask the court to make him desist—

Page (interrupting): I think this is outrageous talk—

Court (interrupting): That will do; I have ruled against all for Mr. Page. The courtroom was ordered cleared and Page was fined \$50 for contempt. He vowed he wouldn't pay.

When court convened in the afternoon, the Judge learned that the fine had not been paid. He gave Page fifteen minutes in which to dig up the money to pay the fine.

Page (interrupting): I object to that statement. I think it is a mistake. That was about all for Mr. Page. The courtroom was ordered cleared and Page was fined \$50 for contempt. He vowed he wouldn't pay.

When court convened in the afternoon, the Judge learned that the fine had not been paid. He gave Page fifteen minutes in which to dig up the money to pay the fine.

Page (interrupting): I object to that statement. I think it is a mistake. That was about all for Mr. Page. The courtroom was ordered cleared and Page was fined \$50 for contempt. He vowed he wouldn't pay.

BEAUTIFUL WOMEN AND FINE HORSES.

...and he said she could jump over mud holes in the road. Wanting something to ride I suggested we try her over the bars. I took her out of the buggy, and taking a long leading rein, which we use as a lunge line, we put her over a single two-by-four about three feet high. She did so well, and went at it so freely, that we decided to put her in training for the Horse Show with the understanding that I would exhibit her for him. Up to this time she had never had a saddle on, and no person had ever been seen on her back up to three weeks ago. As to what she will do toward winning ribbons at this show after she "hears the band play" remains to be seen.

It has been announced by the officers of the Horse Show that all exhibitors will enter by way of the gate at Pico street and Grand avenue, while admission to the grand stand will be by way of three entrances on Hope street.

Butler taking hurdle at the horse show with the famous Jumper, Ben.

FIESTA MEET ASSURED.

Dealers determine to put through Good Schedule of Auto Races Second Week in May.

The long debated automobile meet for Fiesta week is at last assured thing. At the last meeting of the Dealers' Association the question of having one was raised, but discussion of it was put over until a special meeting.

DONNELL HOLDS RECORD.

Clips Two Seconds Off Time Established by Garmann in Hundred-Yard Track Sprint.

If reports that come from Ventura concerning the performance of Donnell, the fast Los Angeles High School sprinter, are correct, he has captured the record for 100 yards by two seconds.

In speaking of the performance, Donnell said: "I ran with the wind, and fully believe I made the time announced by the two northern timers, and this time was also announced to the grand stand, but later was changed by Hamilton, the Harvard coach. It was argued that I was aided to it. I was asked to believe I am entitled to it." The argument that Donnell was aided by the wind is not good in considering the performance, and it would appear that he is entitled to his record. Had he been running against the wind and been retarded two seconds, it is not likely the timers would have awarded him that amount.

OSCAR JONES BEATEN AGAIN.

EX-LOOLOO LETS WINNING RUN IN WITH WILD PITCH.

Pitches Good Game But Bad Luck Defeats Him in the Final Inning. Dolly Gray Holds Swashes Down to Three Singles—Locals Make Five Errors and Yet Win.

Los Angeles, 2, Oakland, 1. Oscar Jones, who was always easy for us in the past, turned out to be the same old thing yesterday in the ball game at Chutes Park, and lost another game that was a close and exciting one from beginning to end. Oscar tried to pitch his best for the sake of skimming his old team-mates and did remarkably well for eight innings, but in the ninth, blew up long enough to let the winning run score with a wild pitch.

To the surprise of the fans the locals made no less than five errors, and four of these came on three players in one inning and resulted in the only run the Swashes could get. Dolly Gray held them to three singles and even with such good pitching, started the bunch of errors that made the run.

The two features of the game were the errors by the Loo-loos and the number of double plays, there being no less than five of these. Russ Hall introduced two new players here in Mott and Heimuller at first base. Heimuller made two double plays exactly alike, catching a hot liner in each instance and shooting it across to first base before the runner could get back to the bag. He is evidently a real fair player and will undoubtedly make good in this league.

Hall has a good team, but it was up against Dolly Gray's pitching yesterday and was helpless in every inning. Kane got a shot in the first inning and Jones made one each in the eighth. Leaving out that fourth inning, only two men reached base. Streib on Jones' single in the eighth and Kane on his hit-by-pitcher and Blankenship's sacrifice. This condition seems strange, with the locals making five errors, but it is only one of the peculiarities of baseball and occasionally.

Jones pitched a really good game as far as swats are concerned, for we got but six of him, and the only one that counted was when Bernard opened the sixth round with a triple to the center fence and scored after the catch of Rose's fly to right field, our second and winning run being made without the aid of a hit. The game was really a good one on account of the light hitting, and yet these five local errors make the score look like the kind that generally results when some of the players hit the trail at night and stay up to watch the electric lights go out. There was no hitting stunts aside from Bernard's triple and no fielding of moment, aside from the double play, if an exception is made of Bernard, who got under a high fly in center, stumbled and then got up in time to catch the ball.

The Swashes started the fun in the fourth when Dolly Gray juggled easy grounders by both Walters and Kane. Walters going to third on Dolly's fumble, then hit one to Ats and he threw to Brashear, catching Kane at second. Quick as a flash Brashear then shot the ball to the plate and nipped Walters. A moment later Blankenship stole second and on Eager's low throw, went to third base. Bernard rushed in from center field and, grabbing the ball off the ground, threw it away over Tomann's head at third and Blankenship easily scored. Here were four errors in less than two minutes and the fans thought the Loo-loos were in the air, but owing to Gray's good pitching there were no more frights in the game.

Jones pitched so well and received such good support that none of us reached third base until the sixth inning. Bernard opened this with his triple to center and ran home after Jones had fled out to right field. In the last of the ninth Cravath was passed and advanced on Dillon's sacrifice, while Mott juggled. Then Ats smacked a grounder to first base, and Heimuller threw the ball to second base in an effort to catch Dillon, but he was safe. Russ Hall not having his foot on the bag, this put Cravath on third and Tomann followed with a grounder to Heimuller, who threw it to the plate, catching Cravath. Dillon ran to third on this and scored the winning run, with only one out, when Jones made a wild pitch.

HERRERA BEGINS BOXING.

Mauro and Baldy Wilson Are the First Day's Victims, and Have Plenty of Action.

The first real training at the Herrera camp, Forty-ninth street and Central avenue, began yesterday, when the Mexican finished a run on the road and donned the mitts with his brother, Mauro, for the first workout. The boy who is to give battle to the lightweight champion, and who feels confident of causing a change in the title, showed up in his old-time form. Herrera worked with a will and enthusiasm. Mauro, who can fight ten times better in training quarters than in the ring, came in for his share of the punelling yesterday, and when he yielded the mitts to Baldy Wilson for a short set to with Aurelia he said he had been in a scrap.

SANTA ANA GUN EVENTS.

Bungay of Ocean Park Finishes First of Thirty-six Men—Lovelace Gets Forty-nine Straight.

[BY DIRECT WIRE TO THE TIMES.] SANTA ANA, April 17.—[Exclusive Dispatch.] The first day's shoot of the annual tournament of the Orange County Gun Club was held in Santa Ana today. Thirty-six contestants, many coming from San Francisco and other northern points, took part.

BALK-LINE BILLIARDS.

Maguire Wins Easily from Keniston in Second Night's Contest of Thousand-Point Match.

Maguire had no trouble last night in beating Frank Keniston in their 300-point game of balk-line billiards at Berry's Hoffman rooms on South Spring street; the scores being 300 to 128. In the first night's play on Monday, Maguire made 300 to 129 for Keniston, Maguire making runs of 41, 45, 42 and 24, and an average of 101.3.

Chess Club Election.

The annual meeting of the Los Angeles Chess Club was held on Monday, and the following directors elected: C. W. Waterman, president; S. Keniston, Lucian Weston and W. T. Covington. After this business was finished the new board then elected the following officers to serve for the ensuing year: C. W. Waterman, president; G. S. Hipp, treasurer; W. A. Garmann, secretary.

REDLANDS OIL FOR LONDON.

Sir Thomas Barlow, Physician to the King, Orders a Supply.

[SPECIAL CORRESPONDENCE.] REDLANDS, April 17.—An order has just been received in this city from Sir Thomas Barlow, physician to His Majesty, King Edward VII. for a large supply of olive oil, which will be used by him among his fashionable London clientele.

This order was placed here upon the recommendation of a gentleman from London who spent several days at the Casa Loma last November and who made a special study of the local olive-oil industry.

It is reported that when asked by a reigning beauty what she should take for her complexion, Sir Thomas answered: "Take olive oil. Live on it, live in it, live with it, eat it, drink it, dress your food with it and don't do without it—lubricate your system."

Canvass Oxfords

The daintiest styles in canvass oxfords ever devised. Their particular smartness can only be appreciated when you have seen them. All the exclusive novelties in a convenient range of prices.

INNES SHOE CO. 258 S. BROADWAY 231 WEST THIRD

Ventless Coat

One of those correct new features that make Alfred Benjamin & Co.'s clothing exclusive and different.

Never was the distinctive superiority of Alfred Benjamin & Co.'s clothing more strikingly illustrated than in the exploitation of the "Ventless Coat"—a fashion which has been enthusiastically adopted by the best class of New York custom tailors.

The "Ventless Coat" is immensely becoming both to tall and short men, besides having an air of style and character not found in any other ready-to-wear apparel.

Don't let a local tailor experiment at your expense when you can be perfectly fitted at this store with a style that is genuinely correct.

What the tailor asks will buy two Alfred Benjamin suits.

SUDDEN DEATH OF W. O. COLE.

Waterworks Builder Passes
In New York.

Cities of Great Southwest
Once Him Much.

California and New Mexico
His Main Field.

William O. Cole, one of the greatest
builders of waterworks and irrigation
projects that California and the great
semi-arid Southwest has ever known,
died yesterday morning in New York
City, after an illness of but three
weeks.

A telegram announcing Mr. Cole's
death was received by his son, W. H.
Cole of No. 1115 Magnolia avenue. The

WILLIAM O. COLE.

Information was given that the re-
mains will be cremated this morning
as per the request of the deceased.

Mr. Cole was 46 years old and was
born in New York. At the age of
23 he was married to Miss Emma Knif-
fin of Ohio. When the Civil War broke
out he became attached to the quar-
termaster's department and served for
three years.

After the war he removed to Chi-
cago, where he entered the real estate
business, amassing a fortune, which
he subsequently lost during the panic
of 1873.

He recuperated his losses and in
1882 organized the Municipal Invest-
ment Company of Chicago, which fig-
ured largely in the development of the
present water systems of California
and New Mexico. Mr. Cole was elected
president of the corporation, serv-
ing as its head until its dissolution a
few years ago.

Mr. Cole was always interested in
water development and the first work
of importance he performed in this line
was at Duluth in 1885, when in behalf
of his company he purchased the wa-
ter rights for the city and worked
miracles in the way of improvements
of the project.

During the next two or three years
he was interested throughout the
Middle West in water development.
This work brought him into close touch
with the needs of the great Southwest,
and Santa Fe, N. M., was greatly
benefited by the advent of Cole into
the water control of that town. Then
Albuquerque was brought under the
influence of Cole, and the waterworks
system in that high and dry city was
perfected to its present condition.

What he looked upon as one of his
greatest pieces of work was the pur-
chase of the old San Diego Flume Com-
pany's holdings in the southern city of
this State. This was secured in 1893-
94, and immediately the rebuilding
of the big flume was commenced. Up to
the last few years the entire supply
of water for San Diego was secured
from the flume built by Cole and as-
sociates.

The ever-restless man then secured
control of the Fresno Water Company
of Fresno in 1895.

At this time he succeeded in inter-
esting a number of wealthy English
capitalists in his water schemes, and
money poured into his company. The
Fresno concern was rehabilitated and
improvements on every hand made.

A little later he secured control of
the San Joaquin Electric Company,
which has been purchased by H. E.
Huntington.

In 1896 Cole got the controlling in-
terest in the Stockton Water Com-
pany of Stockton. The company was
at that time purchasing its water from
wells. He associated himself with Mr.
McMurry, purchased the Twin Lakes
water system, and perfected a plant
which is now furnishing water to Oak-
land, and is producing thousands of
electric horse power which is trans-
ported to Oakland and can be led into
San Francisco.

Cole sold the first bonds for water
rights under the old Wright irrigation
law. The law was subsequently ad-
judged unconstitutional by the Su-
preme Court of the United States,
which invalidated the bonds sold by
Cole and his company. The company
later purchased the greater number
of these bonds.

After Lyman Gage retired as presi-
dent of the First National Bank of
Chicago, with which the Municipal In-
vestment Company was closely allied,
the concern was dissolved.

Since that time Cole had been con-
ducting a private banking business in
New York, and had offices in Chicago,
New York and London.

A little-known feature of Cole's life
was his mania for art collections, and
especially paintings. In his New York
home he had a collection of rare origi-
nal paintings that is said to com-
pare in point of merit with some of
the more pretentious ones in the coun-
try.

Cole leaves a widow and two sons.
Mrs. Cole is living in New York. H.
A. Cole is with his mother and W. H.
Cole lives in this city.

Chamberlain's Cough Remedy.
This is a medicine of great worth
and merit. Try it when you have a
cough or cold and you are certain to
be pleased with the quick relief which
it affords. It is pleasant to take and
can always be depended upon.—(Adv.)

Hotel Del Monte.

Exposition Week

MAKE this an occasion without prece-
dent in the Furniture history of this
section has been our aim and the highly
complimentary remarks of many of our
friends who have already visited this
exposition have filled us with a deep
sense of appreciation.

The collections of Historic Period
furniture, rich draperies, artistic wall
decorations and beautiful floor cover-
ings—wherein art and simplicity have
borne an important part—are magnifi-
cent, and will be of exceptional interest to all.

We invite everyone to take advantage of this
opportunity to study with pleasure and profit the
interesting fur-
nishings and
furniture, here
assembled, with-
out feeling un-
der any obliga-
tion to buy.

Our salesmen
will take pleas-
ure in showing
you through the
store and in
helping you
to enjoy
your visit.

This illustration shows an exact reproduction of the table upon which
the Declaration of Independence was signed. The table is on view here.
This company is not connected in any way—either
directly or indirectly with any other furniture
store in Los Angeles.

Announcement Extraordinary

--FREE--

\$1000 WORTH OF

Oriental Rugs

Given to the People Who Attend Our

AUCTION

Today, Wednesday, April 18th, at 11 a. m., and 2:30 p. m., and
for a few days until we raise the necessary amount. We
imported an enormous stock for a grand opening of our store on
February 15th, our landlord delayed and we were unable to open
until about April 1st. This throws us six weeks behind, with the
summer season upon us, and we have enormous bills to meet.
To induce every rug buyer in Los Angeles to attend this auction
we are making the above offer; at each sale we will give to some
one in attendance a rug worth from \$50.00 to \$100.00. Full
explanation will be given at the beginning of each sale. Sale
begins promptly at 11 a. m., and 2:30 p. m. Every rug guaran-
teed as represented or money refunded.

accompany them on their journey. Miss Hayes will be hostess on Thursday afternoon, April 25, at an afternoon card party. She expects to start May 1 for the coast, and she will go East to join the Isaacs in New York. Miss Hayes has been feted cordially while here, and her absence will be felt among a large circle of friends.

Miss Snyder Weds.
One of the pretty weddings of the week took place last evening at the home of the bride's parents, Mr. and Mrs. G. W. V. Snyder of No. 1108 Clarendon street. Miss Pearl Snyder becoming the bride of Arthur McCoy. The house was a bower of flowers and white flowers. White carnations, roses and asparagus ferns were utilized throughout the home in the decoration. Rev. W. E. La Fontaine of Chicago spoke the words uniting the couple and music for the ceremony was played by Miss Mamie Young, a cousin of the bride. The "Lohengrin" wedding march was played as the couple approached the altar and soft music during the ceremony.

The bride was fair to look upon, clad in a filmy gown of white silk with white lace, and carried a bouquet of white and pink roses. Her long tulle veil was caught with orange blossoms and white ribbons. The bride's hair was styled in a simple and becoming manner. The groom, Arthur McCoy, was dressed in a dark suit and carried a boutonniere of white flowers. The wedding party consisted of the bride and groom, bridesmaids, flower girls, and a ring bearer. The ceremony was held in the parlor of the bride's home, and the reception followed in the dining room. The bride and groom were accompanied by their parents and other relatives. The wedding was a most successful and happy occasion.

Galpin Club Celebrates.
The Galpin Shakespeare Club has every year given one of Shakespeare's plays as a birth-week celebration. This year the play will be "Much Ado About Nothing," with Miss Jane Butt, who was for three years with Otis Skinner, and who made such a hit last year, supporting Miss Modjeska in "The Winter's Tale," in the part of Beatrice, and Garnet Holmes, the English director who is to direct the Constance Crawley productions, in the role of Leonato. The cast of characters is as follows:

Mrs. Clark's Trolley Ride.
Mrs. J. Ross Clark of No. 710 West Adams street will entertain a company of friends on Saturday with a trolley trip to Riverside and lunch on the train. The party will consist of about 25 persons. Mrs. Clark is a well-known social leader and her parties are always well attended. The trolley ride will be a most enjoyable one, and the lunch on the train will be most delicious. The party will return to Los Angeles in the afternoon.

Willis of Boston, Mrs. Frank S. Byington, Mrs. William J. Varrel, Miss Richards and Miss Willis.
Barlow Musical.
Dr. and Mrs. Walter Jarvis Barlow entertained with a musical program last evening at their home, No. 2229 South Figueroa street, in honor of Mrs. Sydney M. Sweet of New York, who is the guest of Mrs. Alfred Solano. The host and hostess were assisted in receiving their company of a select group of guests by Mrs. Barlow's mother, Mrs. Alfred Solano.

You will find all the accessories at

BUSCH'S

SECOND AND BROADWAY

and in the dining-room, red lights, carnations and ribbons combined in an attractive effect. Both young people are popular and they were the recipients of a beautiful array of costly gifts. After a short wedding trip, Mr. and Mrs. Colwell will receive their friends at No. 1940 La Salle avenue.

Mrs. Clark's Trolley Ride.

Mrs. J. Ross Clark of No. 710 West Adams street will entertain a company of friends on Saturday with a trolley trip to Riverside and lunch on the train. The party will consist of about 25 persons. Mrs. Clark is a well-known social leader and her parties are always well attended. The trolley ride will be a most enjoyable one, and the lunch on the train will be most delicious. The party will return to Los Angeles in the afternoon.

Galpin Club Celebrates.

The Galpin Shakespeare Club has every year given one of Shakespeare's plays as a birth-week celebration. This year the play will be "Much Ado About Nothing," with Miss Jane Butt, who was for three years with Otis Skinner, and who made such a hit last year, supporting Miss Modjeska in "The Winter's Tale," in the part of Beatrice, and Garnet Holmes, the English director who is to direct the Constance Crawley productions, in the role of Leonato. The cast of characters is as follows:

JAP-A-LAC

A Stain and Varnish combined
INDISPENSABLE AT MOVING TIME
This perfect rejuvenator of everything about a home from cellar to garret will prove the greatest factor in HOUSECLEANING ECONOMY

JAP-A-LAC is a high grade colored varnish for renewing the finish on any old, dilapidated piece of furniture, interior woodwork or articles of wood or metal. It dries quickly, with a hard, beautiful luster, and retains its brilliancy through wear and tear right down to the surface.

There are many methods of making varnish, but no manufacturer has been able, so far, to make anything which will take the place of JAP-A-LAC.

Colored JAP-A-LAC is made from pigment colors. Pigment is a dry, organic coloring substance which is unaffected by atmospheric or chemical changes. Any one of the JAP-A-LAC colors will retain its original shade throughout its entire life. Aniline colors are frequently used to color varnishes, and although varnishes colored with aniline appear brilliant and effective when first put on, they soon fade and become dull. Chemical changes in the atmosphere will kill their brilliancy in a very short time. The air is often contaminated with sulphurous gases from furnace or heating apparatus—other injurious gases are constantly coming in contact with varnished surfaces; and unless the varnish is colored with the best pigment, it cannot withstand the damaging effect of such an atmosphere. Aniline is nothing but a dye. If you want a lasting, brilliant finish, don't accept a substitute for JAP-A-LAC. JAP-A-LAC is the original colored varnish, manufactured by our special process which makes it more beautiful, lasting and artistic than anything else on the market. You can reclaim many an old piece of furniture which you are ready to throw away—you can beautify everything about your home from cellar to garret at small cost—you can do your own varnishing and take pleasure in the work as you see its wonderful effectiveness wherever applied. Natural JAP-A-LAC is a clear varnish of the highest grade. All varnish used in the manufacture of JAP-A-LAC is as good as can be made. The name GLIDDEN on a can of any kind of varnish stands for highest quality; quality demonstrated by one of the oldest and best known varnish manufacturers in the United States. Ask your dealer about JAP-A-LAC—Economy in every can.

All sizes from 15c. to \$2.50. For sale by Paint, Hardware and Drug Dealers.

COLORS OF JAP-A-LAC
FLAT WHITE, DEEP BLACK, OAK, BIRCH, GOLD, BRASS, CHERRY, MALACHITE GREEN, GROUND, WALNUT, DARK OAK, ALUMINUM, MAHOGANY.

USES FOR JAP-A-LAC
WIRE SCREENS, REFRIGERATORS, PORCH FURNITURE, WICKER FURNITURE, INTERIOR WOODWORK, CHAIRS, TABLES, FLOORS, RANGES, RADIATORS, PICTURE FRAMES, ANDIRONS, LINOLEUM, CHANDELIERS, PLATE RACKS, WEATHER-BEATEN DOORS.

JAP-A-LAC NATURAL

may be applied by yourself, and a beautiful finish produced on a HARD OR SOFT WOOD FLOOR without employing an expert. When your floors become scuffed and dull, you can refinish them yourself at about what it would cost to pay a finisher for his time. JAP-A-LAC, properly applied, will give any floor a lustrous, mirror-like finish as hard as flint. Heel prints, mars, and scratches will not show white. You can scrub it as much as you like and not injure the

BIBLE HOSTS JOIN HANDS.

Large State Sunday School Convention Here.

Woman Field-Worker Tells of Her Travels.

Splendid Chorus Singing Is An Attraction.

Never before were there such large crowds at the opening of a Sunday-school convention in Los Angeles, as attended the first sessions of the State gathering in the First Methodist Church yesterday. This result is attributed to the impetus given to Sunday-school affairs by placing General Secretary Gibson in the field. The large auditorium was filled with people and radiant with the national emblem, and the spirit of the convention was exceptionally bright.

Last night a chorus of 150 voices occupied the platform and under the direction of Grant C. Tullar, but the whole audience was his choir, for they sang, all together and in relays just as he desired; it was what he designed it to be, an illustration of how easily a school may be trained to sing.

Following President Willard, a welcome was delivered by W. E. McVay, and responded to by Rev. Mark B. Shaw of San Bernardino.

HER FIELD GLASSES.
The address of the evening was by Mrs. Mary Foster Bryner, who spoke upon the topic: "Through Field Glasses." In her position as field worker she has visited thirty-seven States, twenty provinces in Canada and several States in Mexico and consequently has had a good square look at the Sunday-schools of North America.

She spoke of the great perturbation that was caused in the official circles of the international association when it was voted to take the convention to Denver in 1932, the first time it had ever been brought west of the Mississippi River.

"They felt that they were bringing the convention to the very doorstep of all the schools in the West, and yet I found that the people of Spokane had to travel just as far and pay as much as far as the people of Philadelphia. States were represented at the Denver convention that had never been represented before and it was a good thing the convention came West."

At that time there was but one field worker in the international association; now there are a number of such and the work has broadened in every direction. In 1934 there were 153 delegates at the convention in Jerusalem; in 1935 more than 2000 in Toronto.

It was brought out through Secretary Gibson, during the talk of Mrs. Bryner, that already more than 100 delegates have been enrolled for the convention to be held in Rome in 1937.

Mrs. Bryner referred to the great numbers of church members who come out here from the East and fail to bring their church letters. She said: "I wish the people who more here would all bring their church letters with their families and household goods. I met one man in Arkansas who had lived there fifteen years and had never taken his letter from his church back East, for fear it would make his father feel bad."

She told a number of catchy stories as a result of her visit to a colored convention in the South. Speaking of funds, Mrs. Bryner said Pennsylvania raised for her Sunday-school work last year \$22,000, a sum greater than the international association ever had at its disposal in a single year, and the same year the State association of Arizona had less than \$500.

THE COMMITTEES.
All delegations were called together at noon yesterday for the purpose of selecting their representatives on the committees, but only four reported, and last night the following were announced as the committees: Nominations: Dr. R. P. Shepherd of Pomona; W. R. Guy, San Diego; W. F. Cronin, Los Angeles; Mrs. A. M. Gibbons, Riverside; W. L. Malone, San Bernardino. On resolutions: C. A. Greenleaf, San Bernardino; Rev. A. M. Gibbons, San Diego; Rev. W. C. Clairworthy, Los Angeles; E. Charity, Riverside. These committees are called together at 8 o'clock this morning to conduct the nominating committee to five Dr. Shepherd was last night elected in open convention.

DAY SESSIONS.
The officers in charge of the convention are W. C. Weld, president; Hugh C. Gibson, secretary; Dr. Ernest Allin, chairman executive committee; D. L. Durand, chairman nominating committee; M. M. Davidson, chairman reception committee.

The two day sessions yesterday were both in the nature of schools of instruction, and were full of interest to the student of the subject. The singing under Messrs. Haller and Meredith was a great factor, showing the skill of the former as director and Mr. Meredith's power as a soloist.

Mrs. Mary Foster Bryner of Peoria, Ill., international field worker, gave two delightful and instructive talks, one on "Lesson Building," and the other on "Making the Bible Attractive to Juniors." These are talks that must be heard and seen by means of the illustrations on the blackboard, to be appreciated. Mrs. Bryner has a splendid voice and a fine presence and can make very common-places things attractive.

Rev. E. W. Thornton of Long Beach, spoke on the topic of Sunday-school extension, followed by Rev. A. W. Frewett of Santa Barbara, on the same subject.

Under the title "The Ministry of Song," E. H. Meredith ordered "The Starless Crown," as a solo, in a rich baritone, prefacing the song with a brief talk. He said: "Music begins where speech ends. Did you ever think of that? You can express yourself in music in a way you cannot in mere words. If people would sing more they would cry less; when you are sad, sing and it will make you glad; when you are glad you will sing naturally."

H. M. Patterson read a fine paper on "The Sunday-school's Opportunity." In the course of which he commended the work of the general secretary and expressed wonder at some schools of which he had heard, as having reported to headquarters that they would not pay 6 cents per member to the State work because they did not believe that they got enough good for the investment.

Secretary Gibson conducted a series of two-minute reports from counties, all the delegates bearing testimony to the great increase in interest and efficiency in their schools.

Miss Alice Jacobs spoke on "Organizing Primary Work," and Miss Julia Austin on "Special Work for Beginners."

Dr. H. M. Hamill and Mrs. Hamill will make their appearance at the convention at 9:30; Mrs. Bryner, Dr. Horton, Dr. Shepherd, Mrs. Bartlett, Mrs. Baskerville, Hugh C. Gibson and Rev. Alfred Inwood will be among the

WINDY BLAST TO GET COIN.

Cahuilla Mining Company Is
After Pocket Gold.

Fraud Order Is Asked for by
State Official.

Wonderful Assertions Made
as Bait for Buyers.

State Mineralogist Aubrey has asked the Postoffice Department to investigate the representations of the Cahuilla Mining Company, which own a number of claims in Riverside county, made in pamphlets sent through the mails, and to issue against it a fraud order, according to reports from San Francisco.

A newspaper-like pamphlet, issued by the American Securities Corporation, of Boston, called "The Cahuilla," makes the most astounding assertions regarding the mines of the Cahuilla Mining Company. The officers of the company for the most part, live in Maine and Massachusetts. But John H. Whitlock is the second vice-president and general manager and is supposed to be in charge of the mines near San Jacinto. He is said there to be in Mexico. Here is what he said about himself in "The Cahuilla," over his signature:

"I am John H. Whitlock, expert miner, and one of the best posted men on gold mining in Southern California. I am one of the first pioneers of the rich Cahuilla mining district."

"I am working with a large gang of miners developing the most promising mine in the richest mining district in the world, located near San Jacinto, Cal."

Apparently John is not a modest man, either about himself or this mine. Here are a few other startling assertions made in this paper against which a fraud order has been asked:

SOME BLASTS.
"We hold the key to fortune at Cahuilla, the new world-beating mining camp."

Then this company, which is capitalized in the District of Columbia, at only \$500,000, says it has "25,000,000 tons of free gold ore worth \$75,000,000 or more."

Here are a few other blasts:
"Our ore assays from \$1 and upwards per ton, and with the millions of tons ready for reduction, and the untold millions of tons still in the bosom of Mother Earth, there is the most certain and absolute guarantee of fortune beyond the dreams of avarice to those who secure stock while it may be had, which is now the case."

"The gold fever has its highest temperature centered today at Cahuilla, and there are like the millions of tons ready for reduction, and the untold millions of tons still in the bosom of Mother Earth, there is the most certain and absolute guarantee of fortune beyond the dreams of avarice to those who secure stock while it may be had, which is now the case."

"Who does not know Cahuilla? Seven months ago you had never heard of Cahuilla. Today there can be no doubt in your mind as to its being the most wonderful gold camp in the world. What is it other than gold that could appear so completely in so short a time? Wherever printed literature exists, there the glories of Cahuilla have been heralded."

"Cahuilla will astound the world. To Cahuilla hundreds of the world's best miners are headed, as well as many of the leading mining engineers of the day. Cahuilla, the wonder of the mining world."

Yet, when all is said and said, here is one of the real things about the Cahuilla Mining Company, in a dispatch from the Times correspondent at Riverside, which is pertinent:

"Although the Cahuilla Mining Company is doing business in Riverside, there is no record at the Courthouse of its existence. This, in itself, outlaws the concern, as the State law requires every corporation doing local business to file its articles of incorporation in the county concerned."

NOT MUCH KNOWN.
In another dispatch from Riverside it is stated that mining men there do not know of any such wonderful, world-beating properties, and that no mines in that region show such enormous prospects or values as claimed for the Cahuilla mines.

From San Francisco the news in a dispatch to the Times that the wonderful Manager Whitlock has transferred his account in the bank there, as agent for the Cahuilla Mining Company, to Frank M. Knight, and that Whitlock is now in Mexico.

But as for "ANY" of prospectors and miners rushing for Cahuilla, there is, in fact, not the least excitement about it outside of its promoters and possibly a few who have given up good gold coin in the expectation of making a million dollars next month.
